## **Ministers At War Winston Churchill And His War Cabinet:**

Ministers at War Jonathan Schneer, 2015-03-19 After the defeat of France in May 1940 only one nation stood between Nazi Germany and total domination of Europe Britain This is the gripping story of Winston Churchill's wartime government an emergency coalition of Conservatives Labour Liberals and men of no party assembled to see Britain through the war A chronicle not only of their successful efforts to work together but also of quarrels power plays unexpected alliances and intrigue it is an account of the most important political narrative of our time With a cast of characters featuring some of the most famous names in twentieth century British history including Bevin Attlee Chamberlain Beaverbrook Morrison Eden Cripps and of course Winston Churchill this magisterial work provides a unique view of the inner machinations of Britain's wartime cabinet Dispelling that the War Cabinet constituted an unbreakable band of brothers award winning historian Jonathan Schneer reveals that this ensemble of political titans were in fact a team of rivals that included four Prime Ministers past present and future Both illuminating and engrossing *Ministers at War* is the first work to draw upon original research to present a previously unseen perspective of British politics during and after World War II Schneer shows us that just as the war had kept them together the prospect of peace saw this supposedly unbreakable band fall apart thus providing a fascinating insight into the birth of the Welfare State

Ministers of the Crown Rodney Brazier, 1997 In the first work of its kind Brazier successfully tackles the Herculean task of describing and evaluating contemporary Ministerial life and how it is affected by the law constitutional convention and political practice *Ministers of the Crown* provides a detailed and concise description of the legal and political position of Ministers and of their work within the contemporary British governmental system It covers the daily work of Ministers in their departments and collectively in government their benefits and pay as well as how politicians prepare themselves for office and the legal and other qualifications which are required for appointment Detailed coverage is given to Ministers as legislators how Ministers are required to exercise their legal powers and the position of Ministers as plaintiffs and defendants Finally the loss of office and its consequences is considered As a detailed assessment of Ministerial life this book is invaluable but Brazier's capacity to bring the Ministerial world to life using a wealth of contemporary and fascinating detail transforms a potentially dry subject
