

The background of the entire image is a scenic landscape at sunrise or sunset. Two men are walking away from the viewer on a dirt path that leads into the distance. The man on the left is wearing a blue shirt and dark pants, while the man on the right is wearing a grey shirt and dark pants. The path is flanked by green grass and trees. In the background, there are rolling hills and a bright sun low on the horizon, creating a warm, golden glow across the sky and landscape. The overall mood is hopeful and contemplative.

## **Missionary Or Mercenary:**

Mercenaries and Missionaries Brandon Vaidyanathan,2019-05-15 *Mercenaries and Missionaries* examines the relationship between rapidly diffusing forms of capitalism and Christianity in the Global South Using more than two hundred interviews in Bangalore and Dubai Brandon Vaidyanathan explains how and why global corporate professionals straddle conflicting moral orientations in the realms of work and religion Seeking to place the spotlight on the role of religion in debates about the cultural consequences of capitalism Vaidyanathan finds that an apprehensive individualism generated in global corporate workplaces is supported and sustained by a therapeutic individualism cultivated in evangelical charismatic Catholicism *Mercenaries and Missionaries* uncovers a symbiotic relationship between these individualisms and shows how this relationship unfolds in two global cities Dubai in non democratic UAE which holds what is considered the world s largest Catholic parish and Bangalore in democratic India where the Catholic Church though afflicted by ethnic and religious violence runs many of the city s elite educational institutions Vaidyanathan concludes that global corporations and religious communities create distinctive cultures with normative models that powerfully orient people to those cultures the Mercenary in cutthroat workplaces and the Missionary in churches As a result global corporate professionals in rapidly developing cities negotiate starkly opposing moral commitments in the realms of work and religion which in turn shapes their civic commitment to these cities

Missionaries, Mercenaries and Misfits Rasna Warah,2008-07-17 *Missionaries Mercenaries and Misfits* is a book that will make us re imagine our world and our place in it and force us to reconsider the value of development and what it really means to the people of Africa All the contributors to this anthology approach the notion of development through their own worldviews and experiences many are convinced that it is time to declare the death of development as an idea as an ideology and as an industry The essays in this book come from various writers most of whom are either based in East Africa or are part of its diaspora or who have worked often as developmentalists in their own way within Africa Consequently this extremely accessible collection does not attempt the grand sweep raging aimlessly against the development machine with general complaints that fail to hit their mark Rather it is a focused peep into international regional and local attempts to develop Africa thereby exposing the reader to a much needed African perspective on the development industry and why it has failed so miserably in lifting millions of people out of poverty
