**Higher Education in Latin America and the Challenges of the 21st Century** Simon Schwartzman, 2020-05-29 This book presents an overview of the region with one of the fastest growing higher education sectors in the world. Until the beginning of the 1980s universities were restricted to the elites in Latin American countries with less than 5 million students enrolled in its courses. In the last four decades however the region went through a boom of higher education institutions and now has more than 25 million students enrolled in more than 3 800 universities. approximately 10% of all students enrolled in higher education courses in the world with four times more higher education institutions than Europe. The boom of Latin American higher education is analyzed in this contributed volume by leading experts from the region. They discuss the causes and consequences of this massive expansion and the challenges they pose for different stakeholders such as governments private entrepreneurs teachers researchers students policy makers educational managers and many other social groups. Topics discussed in the volume include Massive expansion of tertiary enrollment in Latin America Expansion of private higher education Proliferation of new kinds of institutions different from the classic university model The challenge of developing quality assurance and accreditation systems Internationalization of academic research and teaching in Latin America The challenge of integrating academic research and technological innovation. Higher Education in Latin America and the Challenges of the 21st Century will be a valuable resource for educational researchers sociologists political scientists and other social scientists dedicated to the study of the expansion of higher education and its social implications in different parts of the world. The book will also be of interest to policy makers and both public and private agents interested in understanding the global dynamics of higher education

**Education in Vietnam** Martin Hayden, Thi Le Tran, 2024-08-02 Offering insights into the current and projected future state of the education system in Vietnam this edited volume is an authoritative sourcebook for scholars policy analysts academic staff and students. Vietnam is well on its way to joining the dress circle of high achieving education nations in Asia. International surveys of the academic aptitude and ability of the nation's youth consistently place it well above relevant regional and global

averages This accomplishment is remarkable for a country with a gross domestic product per capita of only US 2 785 in 2020 The dynamics of Vietnam s national education system are comprehensively documented in the book Each of the country s education sectors is critically appraised as well as the culture of education in Vietnam Specific issues concerning funding and equity quality and accreditation the teaching of curriculum areas the internationalisation of the system and the provision of educational opportunities for young people with disabilities are carefully analysed against a background of relevant global trends With contributions from well established and highly respected local experts with high aspirations for the future development of the national education system in Vietnam this book will be a must read for academics and students of Southeast Asian studies and comparative education **Mitigating Inequality** Robert T. Teranishi,Walter R. Allen,Loni Bordoloi Pazich,Marcelo Knobel,2015-12-04

As colleges and universities extend academic programs abroad develop internationally mixed research teams and create international curricular initiatives it is essential to ensure that access to a high quality education remains a key component of the research and policy agenda transnationally *The Shape of Social Inequality* David Bills,2005-10-17 This volume brings together former students colleagues and others influenced by the sociological scholarship of Archibald O Haller to celebrate Haller s many contributions to theory and research on social stratification and mobility All of the chapters respond to Haller s programmatic agenda for stratification research A full program aimed at understanding stratification requires first that we know what stratification structures consist of and how they may vary second that we identify the individual and collective consequences of the different states and rates of change of such structures and third seeing that some degree of stratification seems to be present everywhere that we identify the factors that make stratification structures change The contributors to this Festschrift address such topics as the changing nature of stratification regimes the enduring significance of class analysis the stratifying dimensions of race ethnicity and gender and the interplay between educational systems and labor market outcomes Many of the chapters adopt an explicitly cross societal comparative perspective on processes and consequences of social stratification The volume offers both conceptually and empirically important new analyses of the shape of social stratification Introducing Social Stratification

Kasturi DasGupta,2022 Does everyone in the US have an equal chance to make it What explains the enduring power of racism and sexism How does our sociopolitical system generate inequality These are just a few of the questions explored in this accessible introduction to the complex problem of social stratification Kasturi DasGupta clearly explains the social and economic mechanisms that serve to preserve and even deepen social stratification in the US Enriched with case studies and examples throughout her text is carefully designed both to engage students and to help them see past cultural myths to grasp the underpinnings and consequences of social inequality *Reinventing Inequality* Ron E. Roberts,Douglas E. Brintnall,1982

Stratification Roger Keith Kelsall,Helen M. Kelsall,1974-01-01 *Class, Inequality and Community Development* Shaw, Mae,Mayo, Marjorie,2016-09-06 With inequality continuing to be an incredibly salient political and social issue this book on

the part it plays in community development could not be more timely Arguing strenuously that class analysis should be central to any discussion of the potential benefits of community development because otherwise development can simply mask the underlying causes of inequality the book brings together contributors from a wide range of backgrounds to explore the ways that an understanding of class can offer a new path in the face of increasing social polarization Inequalities and Societies Jeff Manza,2002 **The Paradox of Urban Space** S. Sutton,S. Kemp,2011-01-31 As racially based inequalities and spatial segregation deepen further strained by emergent problems associated with climate change ever widening differences between wealth and poverty and the economic crisis this book issues a timely call for just sustainable development Inequality Christopher Jencks,1972 **Structurated Social Inequality** ,1969 Structured social inequality Celia S. Heller,1974 *Class, Inequality and Community Development* Mae Shaw,2016 This book the second title in the Rethinking Community Development series starts from concern about increasing inequality worldwide and the re emergence of community development in public policy debates It argues for the centrality of class analysis and its associated divisions of power to any discussion of the potential benefits of community development It proposes that without such an analysis community development can simply mask the underlying causes of structural inequality It may even exacerbate divisions between groups competing for dwindling public resources in the context of neoliberal globalisation Reflecting on their own contexts a wide range of contributors from across the global north and south explore how an understanding of social class can offer ways forward in the face of increasing social polarisation The book considers class as a dynamic and contested concept and examines its application in policies and practices past and present These include local global and rural urban alliances community organising ecology gender and education Back cover **Structured social inequality: a reader in comparative social stratification, ed** Celia Stopnicka Heller, Social Stratification and Inequality Krishan Kumar Saran,2013 STRATIFICATION : SOCIOECONOMIC AND SEXUAL INEQUALITY Rae Lesser Blumberg,1981
