Screening Sandy Hook Deanna Spingola, 2015-02-03 Most parents would never consider dispensing deadly addictive street drugs to their children but if a trusted physician writes a prescription for an FDA approved schedule 2 medication for their two year old based on some questionable mental health screening those unwary parents do not question or object Despite side effect warnings regularly revealed during TV ads parents frequently fail to take those warnings seriously perhaps presuming that the side effects are happenstance or rarely occur Over the decades because organized psychiatry represented by the American Psychiatric Association APA convened numerous consensus panels that designed hundreds of non biologically based disorders for its Diagnostic and Statistical Manual of Mental Disorders DSM especially suitable for the pill for every ill pharmaceutical industry that conceivably already had many profitable solutions for the disorders in the pre production process The consequences have been disastrous with no discernable end in sight some people taking prescription drugs or withdrawing from them have perpetrated school mall and public shootings That is in addition to thousands of suicides that the public never hears about unless the victim is a well known public figure like Robin Williams Just the military related suicide rate is 8 000 per year untold numbers of these are the result of the psych drug cocktails doled out by psychiatrists working for the VA The government is big pharma's largest customer In addition to the homicides and suicides irreversible brain damage results from drug remedies to temporary problems that might have been easily resolved through compassionate interaction and talk therapy Despite the claims that drugs were not a factor in the Sandy Hook mass murders certain circumstances provide a different picture Adam Lanza always a unique individual changed from being a geeky weird kid to being a mass murderer not of people his own age but of beautiful vulnerable children feeling secure in their classrooms in a sleepy bedroom community in Connecticut

The Black Woman's Breast Cancer Survival Guide Cheryl D. Holloway, 2017-07-14 Breast cancer is reaching epidemic levels especially among black women This survival guide provides tools that women black women in particular can use to identify and combat this all too common threat This what you need to know guide is unique in its common sense laywoman's approach and particular relevance to women of color Its premise is simple ignorance and lack of education about breast

cancer signs and symptoms are still all too prevalent among black women Many women are not informed about resources available for early detection screening and are not referred for mammography screening They may also receive significantly delayed treatment especially black women For those reasons and more black women with or at risk for breast cancer need an advocate who speaks for them and tells them the truth They have that advocate in Cheryl Holloway PhD and in this book A breast cancer survivor and cancer researcher Dr Holloway draws on her personal experience and research to offer something far different than the usual medical oncological works Her book provides support current information and practical advice for confronting and beating the disease The book is divided into four parts Dealing with the Basics explains how breast cancer hits black women harder and discusses the types of breast cancer they may develop with an emphasis on the most dangerous The second section offers practical information such as how screenings work and the meaning of various breast cancer tests Part three describes treatments including surgery radiation therapy chemotherapy hormone therapy combined therapy and other options The final section describes how to stay vigilant after the cancer is gone and also discusses other forms of cancer for which black women are at risk such as lung cancer colon cancer and cervical cancer *Hoard's Dairyman* ,1918
