Monopolies and Underdevelopment Calixto Salomão Filho, 2015-10-30 This ambitious analysis is centered on the evolution of economic structures in colonized economies showing the effects of these structures on today's global reality for all economies whether they are considered developed or underdeveloped With a comprehensive scope encompassing economic structures and their influence on the growth of nations from past to present Calixto Salomão Filho delves into issues of development economic structures social problems monopolies globalization and poverty This book features a unique combination of economic and legal analysis of development including the examination of underdevelopment trends based on monopoly growth and the triple drain effects of monopolies on national economies The result is an illuminating study of historical restriction and exploitation and its impact on present day markets around the world Monopolies and Underdevelopment will capture the interest of scholars and readers of the economic theory of development economic history of underdeveloped countries and law and development as well as those involved in Latin American and South Asian studies international comparative law and legal history

Competition Policy for the New Era Tembinkosi Bonakele, Eleanor M. Fox, Liberty Mncube, 2017 By bringing together analysis from well known scholars from both developed and developing countries the chapters in this book offer a thoughtful precise and relevant analysis of competition policy in BRICS and developing countries

Agricultural Development in the World Periphery Vicente Pinilla, Henry Willebald, 2018-02-06 This book brings together analysis on the conditions of agricultural sectors in countries and regions of the world's peripheries from a wide variety of international contributors The contributors to this volume proffer an understanding of the processes of agricultural transformations and their interaction with the overall economies of Africa Asia and Latin America Looking at the nineteenth and twentieth centuries the onset of modern economic growth the book studies the relationship between agriculture and other economic sectors exploring the use of resources land labour capital and the influence of institutional and technological factors in the long run performance of agricultural activities Pinilla and Willebald challenge the notion that agriculture played a negligible role in promoting economic development in the nineteenth and twentieth centuries when the impulse towards industrialization in the developing world was more impactful

Erasing the Binary Distinction of Developed and Underdeveloped Vinay Bahl, 2023-10-06 This book challenges the binary distinction of developed and underdeveloped in the categorization of any country while proposing to erase this binary with a yardstick of parity Through a sample comparative historical study focusing on the question of the emergence of the large scale steel industry 1880 1914 of four chosen countries two considered developed Imperial UK and Post colonial Imperial USA and two considered underdeveloped Imperial Russia and Colonial India it is shown how this yardstick of parity can be applied without the categorization of societies as either developed or underdeveloped Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan or Bhutan
