*Roll to Hit* Harry Slater, 2025-08-30 It might be unauthorized but this book sure is comprehensive This isn't just a book about a game The author focuses on the people who created it and expanded it over the decades as well as the people whose contributions have been hidden in the shadows A richly detailed exciting and frequently surprising history Booklist Roll to Hit An Unofficial History of Dungeons and Dragons is a deep dive into the story behind the world's most popular tabletop roleplaying game From its humble beginnings in a basement in a house in a small town in Wisconsin through the Satanic Panic and the boom and bust of the 90s all the way to a modern resurgence that has seen the game become a true pop culture phenomenon the book tells the tale of the people who have shaped D&D through every step of its development But more than that it's a story of leaps of imagination of shocking circumstances and tragedies of conflicts and coming together both on the table and off From HG Wells playing with toy soldiers to multi million dollar movie deals from early war simulations to crazy homebrew campaigns the book explores the history of D&D and asks why even after all this time its name remains a shorthand for the tabletop roleplaying experience As Dungeons Dragons reaches its fiftieth birthday and with the game is as popular as it's ever been regular players old school gamers and newcomers are going to find something here to excite and entice After all without them without the players there'd be no Dungeons Dragons at all
