**The Ridiculously Simple Guide to Macbook, Imac, and Mac Mini: A Practical Guide to Getting Started with the Next Generation of Mac and Macos Mojave (V** Brian Norman, 2018-09-27 Every September Apple holds a press conference to get us excited about the newest gadgets that are certain to suck your wallets dry And every September almost as an afterthought something else is mentioned something that is actually free The latest version of Mac OS You of course need to own a Mac computer such as MacBook Mac Mini or iMac to get it but Apple keeps updates absolutely free When Mac updates it s OS it tends to follow the formula as iOS there are lots of changes but a lot of them are not very obvious The purpose of this book is twofold one to help you understand all the biggest features two to help you if you ve never used a Mac before This book is intended for people who want to get started quickly For that reason it s not as comprehensive as other guides If you want to know about some feature buried deep under the hood that you ll never use then there are other books for you I m sure they ll make good doorstops when you finish If you just want a simple guide that tells you what you need to know so you can use your computer already then this book is for you If you re new to Mac perhaps switching over from Windows then this book will help you figure out all the similarities and differences because so many people come to Mac

from Windows this book is written in a way to help with that transition I purposely have done my best to make this handbook a little more casual and fun then what you expect from most Mac OS manuals Mac OS is an operating system and any guide you read should be an equally fun read Each chapter starts with bullet points on what will be covered so if something you already know you can skip right ahead if you only need to know how to use new features the book is also formatted in a way that these stand out Are you ready to start enjoying the new Mac OS Then let's get started

**My First MacBook / MacBook Air** Andie Campbell, Gadchick, 2012-12-19 You bought a Mac Let me be the first to tell you your day is about to get much MUCH easier But before we get there there's a bit of light house keeping Yeah yeah yeah that's all fine and good but when do you get to play with your new machine Mac's are great they are powerful streamlined and easy as heck to use but your files They're still on a PC and like it or not you just spent 20 years using Windows so there are some adjustments to make Before you can show off your slick new Macbook Air or brag about how much faster your machine boots up or how you can find a file in like three seconds you need to make the transition That's what we're about to do The accessories The Apps The file transfer In the pages that follow you'll learn all the stuff that matters none of the stuff that doesn't and be ready to flash that shiny new Apple logo at your local coffee shop with pride
