Missional Map Making:

Missional Map-Making Alan Roxburgh, 2010-02-08 Guidance for church leaders to develop their own maps and chart new paths toward stronger more vibrant and more missional congregations In the burgeoning missional church movement churches are seeking to become less focused on programs for members and more oriented toward outreach to people who are not already in church This fundamental shift in what a congregation is and does and thinks is challenging for leaders and congregants Using the metaphor of map making the book explains the perspective and skills needed to lead congregations and denominations in a time of radical change over unfamiliar terrain as churches change their focus from internal to external Offers a clear guide for leaders wanting to transition to a missional church model Written by Alan Roxburgh a prominent expert and practitioner in the missional movement Guides leaders seeking to create new maps for leadership and church organization and focus A Volume in the popular Leadership Network Series This book is written to be accessible to all Christian congregational styles and denominations Charismatic Leadership and Missional Change Craig S.

Hendrickson, 2020-03-16 Too often the solution sought by many struggling churches is to make the homerun hire to find the charismatic leader who will take them to the promised land of growth and vibrant ministry While this strategy occasionally pays off it has overwhelmingly failed as seen in the hundreds of churches across the United States that close their doors annually Is it possible that there is another way forward for those seeking to lead local congregations into missionally vibrant ministry especially those located in multiethnic urban areas In Charismatic Leadership and Missional Change one church's journey from a struggling primarily Anglo congregation of less than 100 members to becoming a missionally vibrant multiethnic church of more than 700 attendees with no clear ethnic majority documented The charismatic leadership style that drove this change is discussed and critiqued as well as the adaptive challenges that have arisen in the church because of it An alternative approach interpretive leadership is proposed as a different pathway forward in response to these challenges The result the author suggests will be to empower the diverse everyday people of God to participate in God's mission in exciting and surprising new ways **Missional: Impossible!** Francis Rothery, 2014-01-07 Mainline Christianity in the West is dying Addiction to hierarchical and bureaucratic power is killing it A management god and a mission god have usurped the Way of Christ In the midst of decline the missional movement is attempting to reboot the church Its goal is to remake a New Christian West through mission leadership mapping and planning Yet it is trapped in the language and methods of modernity Its final solution is a polarizing vision of cultural domination by one social group the Christians The Way of Life and Truth has been forgotten Christ is not a conquering King a written Word or an absolute Idea but a divine Human Being Social wholeness can only be realized through a rediscovery of Conversation Reconciliation and Empowerment These reflect Christ's practices of eternal dialogue and reciprocal giving in small communities Through this mutual Way of Life people of all faiths and none can discover deep within themselves Our Un Known G d A gentle voice is whispering in the heart of all humanity I

Easum,Bill Easum,Pete Theodore,2005 A guide to the opportunities and challenges facing churches that do not own their property and what established churches can learn from them Across the country churches are forgoing purchase of land and construction of buildings choosing instead to rent space and allocate their resources to mission and leadership development These churches are faced with a number of challenges such as putting up and tearing down equipment every time they meet getting the word out especially to visitors on where the church will gather any given week and negotiating for additional space However being nomadic provides the church with many important opportunities including that it allows time to build the church as a community before building it with brick and mortar it builds serious disciples by calling on members to sacrifice and it frees funds to be used on mission rather than mortgages Writing for the leaders of portable congregations well as those of more established churches who want to learn from such churches Easum and Theodore have provided the definitive guide to ministry in the nomadic church Bill Easum is a President and Senior Managing Partner in Easum Bandy and Associates a church consulting and nurturing firm One of the most widely sought advisors on congregational health and vitality in North America he has over 30 years of congregational experience with approximately 25 years experience as pastor One of the
