many people still take interest in it its rituals have been passed around and carried on by modern day practitioners in the
form of seemingly harmless magic hoodoo However it isn t harmless at all Dealing with magic means you re dealing with
unnatural things Voodoo is a religion to which some people who practice it explain that there is another being that possesses
magic powers using them Despite it being from so long ago this religion has continued to adapt grow and evolve throughout

worldview or culture as they originated in Africa However when hearing the word Voodoo zombies and dolls with needles are
usually what s imagined With the help of Voodoo for Beginners you could have a deeper understanding of what Voodoo really
is and have a chance to practice it yourself In this book you ll find History of Voodoo How did Voodoo reach America and
what s involved when practicing it Elements of Voodoo What are the essential elements of this practice and how to set them
up Voodoo Rituals How to perform some rituals that you could use for others Aside from the information it gives about
