You purchasing this book will be an inexpensive investment in your future and if you practice the 4 SIMPLE steps in this book it will pay for itself. 3 Reasons Why This Book Is So Cheap The first reason why this book is so cheap is because most people who would be interested in a book like this are millennials. Millenials are the poorest generation so far. That's why I made this book \$2.99 and not \$14.99 when I self published it. The second reason this book is so cheap is because it is SUPER short. Usually when you hear advice that is straight to the point it is short. The truth is usually short, straight to the point and simple just like this book. The third reason why this book is so cheap is because it didn't take a lot of money to write and self publish this book in the first place. I don't owe a book publishing company money so I'm not about to charge you over \$10 for a book like this. What You Are Being Sold I'm not selling you the perfect book because the perfect book doesn't exist no matter how much work I put into it or hire someone else to put into it. I'm selling you a book with practical, easy to understand steps on how to earn more than 100 making memes. QUICK DISCLAIMER Before I get into the 4 steps that will be taught to you I want to let you know a few things. This is not a scam. No the steps will not be easy but they are not hard either. The 4 steps are SIMPLE. If you aren't satisfied you can get your money back. Usually when people do research on how to create an extra stream of income they come across things like affiliate marketing and making YouTube videos. This book is most likely the first book to ever teach people how to turn their passion for memes into an additional stream of income. Don't Cheat The System The most challenging steps are steps one, two and four. Step three is the part I am sure you will like the most. Unfortunately if you do not do steps one and two you will not be able to do the rest of the steps so do not try to cheat this system. You will only be wasting your own time. Can I Earn More Than 100 Making Memes? I know what you're probably thinking and the answer is yes. You can earn more than 100 making memes. I have done it before. There is no limit to how much money you can earn making memes. What this book focuses on the most is teaching you and everyone else who buys this book how to earn their FIRST 100 dollars making memes. **The Information Security Dictionary** Urs E. Gattiker, 2006-04-18. Something for Everyone. If this book is to succeed and help readers, its cardinal virtue must be to provide a simple reference text. It should be an essential addition to an information security library. As such, it should also serve the purpose of being a quick refresher for terms the reader has not seen since the days when one attended a computing science program, information security course, or workshop. As a reference work, THE INFORMATION SECURITY DICTIONARY provides a relatively complete and easy to read explanation of common security, malware, vulnerability, and infrastructure protection terms without causing much damage to the usually slim student pocketbook. This dictionary can help non-specialist readers better understand the information security issues encountered in their work or studying for their certification examination or whilst doing a practical assignment as part of a workshop. This book is also essential to a reference collection for an organization's system personnel. Special attention is paid to terms which most often prevent educated readers from understanding journal articles and books in cryptology, computing science, and information systems, in addition to applied fields that build on those disciplines such as system design, security auditing, vulnerability testing, and role-based access management. The dictionary provides definitions that enable readers to get through a difficult article or passage. We do not, for the most part, directly explain how to conduct research or how to implement the terms briefly described.
