Disputed Territories and International Criminal Law Simon McKenzie,2019-11-08 It has been over 50 years since
the beginning of the Israeli occupation of the Palestinian Territories It is estimated that there are over 600 000 Israeli
settlers living in the West Bank and East Jerusalem and they are supported protected and maintained by the Israeli state This
book discusses whether international criminal law could apply to those responsible for allowing and promoting this growth
and examines what this application would reveal about the operation of international criminal law It provides a
comprehensive analysis of how the Rome Statute of the International Criminal Court could apply to the settlements in the
West Bank through a close examination of the potential operation of two relevant Statute crimes first the war crime of
transfer of population and second the war crime of unlawful appropriation of property It also addresses the threshold
question of whether the law of occupation applies to the West Bank and how the principles of individual criminal
responsibility might operate in this context It explores the relevance and coherence of the legal arguments relied on by Israel
in defence of the legality of the settlements and considers how these arguments might apply in the context of the Rome
Statute The work also has wider aims raising questions about the Rome Statute s capacity to meet its aim of establishing a
coherent and legally effective system of international criminal justice *The New Walford* Ray Lester,2005 Covers 15 broad
