**Flows in African Mining** B. Campbell,2013-11-21 Academics policy makers and practitioners from Africa and beyond document new ways of thinking about issues concerning governance and revenue flows in mining activities in Ghana Mali and the Democratic Republic of the Congo *Regulating Mining in Africa* Bonnie K. Campbell,2004 Liberalisation of the mining sector in Africa in the 1980s a developmental perspective II **Business and Sustainable Development in Africa**

Uwafiokun Idemudia,Francis Xavier Dery Tuokuu,Tahiru Azaaviele Liedong,2022-03-30 The book offers new critical insights into the relationship between corporate social responsibility CSR and sustainable development in Africa The extent to which CSR initiatives can contribute to sustainable development in Africa remains debatable This book examines in a very clear structure how when and whether CSR initiatives are able to contribute to the realization of the sustainable development goals peace and environmental sustainability at the micro levels of society It also explores some macro level issues such as the relationship between taxation and CSR CSR and human rights and CSR and public governance and in so doing challenges existing CSR dogmas With themes aligned with the UN Sustainable Development Goals SDGs this book provides useful practical guidance for policymakers and business leaders seeking to better understand the strength and limitations of CSR as a vehicle for advancing sustainable development in Africa It will also appeal to scholars researchers and students of African studies development studies international business strategic management and business and society *Minerals and Africa's Development* United Nations. Economic Commission for Africa. Publications and Conference Management Section (Addis Ababa),2011 **The UN Global Compact** Maria Alejandra Gonzalez-Perez,Liam Leonard,2015-01-29 Since the launch of

the UN Global Compact over 12 000 organisations worldwide have voluntarily adopted and promoted its values and Ten Principles This edited volume brings together international contributions that explore specific implications for business from managerial legal behavioural and sociological perspectives Mining Africa Devan Pillay,2005 **Strategy for African Mining** John Strongman,1992-01-01 This report examines the reasons for the demise of Africa s mining performance and proposes a strategy for accelerating mining sector growth so that the sector can make a greater contribution to economic activity in the region The report draws heavily on the experience of World Bank mining work in Africa as well as other regions The report includes an analysis of mining legislation and taxation arrangements in five countries which have been relatively successful in attracting new private sector mining investment It also makes use of the results of a survey of the decision making processes and criteria of over forty mining companies regarding exploration and investment in developing countries At various stages key insights and findings from the report have been reviewed and discussed on a selective basis with industry experts potential investors interested government officials and the academic community Journal of the South African Institute of Mining and Metallurgy South African Institute of Mining and Metallurgy,2005-07 *Mining Africa* Warikandwa, Tapiwa V.,2017-05-01 This book is a pacesetter in matters of mining and the environment in Africa from multidisciplinary and spatio temporal perspectives The book approaches mining from the perspectives of law politics archaeology anthropology African studies geography human ecology sociology history economics and development It interrogates mining and environment from the perspectives of customary law as well as from the perspectives of Euro modern laws In this sense the book straddles precolonial colonial and postcolonial mining and environmental perspectives In all this it maintains a Pan Africanist perspective that also speaks to contemporary debates on African Renaissance and to the unity of Africa From scrutinising the lived realities of African miners who are often insensitively and unjustly addressed as illegal miners the book also interrogates transnational mining corporations matters of corporate social responsibility as well as matters of tax evasions by transnational corporations whose commitment to accountability to African governments is questioned With both theoretical chapters and chapter based on empirical studies on mining and the environment across the African continent the book provides a much needed holistic one stop shop for scholars activists researchers and policy makers who need a comprehensive treatise on African mining and the environment The book comes at the right time when matters of African mining and environment are increasingly coming to the fore in the light of discourses about the new 21st century scramble for African resources in which big transnational corporations and nations are jostling to suck Africa dry in their race to control planetary resources It is a book that speaks to contemporary broader issues of de coloniality and transformation of African minds and African environmental resources **Mining Manual** ,1896 University of British Columbia Law Review University of British Columbia,2011 *The Law of Energy Underground* Donald N. Zillman,Aileen McHarg,Lila K.. Barrera-Hernández,Adrian J. Bradbrook,2014 Many developments in energy production and use involve

underground resources Fracking to capture oil and gas resources storage of harmful carbon gases and long term disposal of waste have large implications for the future This book provides a clear and insightful overview of the law and policy issues surrounding these new technologies Conflicts in the Democratic Republic of Congo Adeyemi Olayiwola Kayode Dipeolu,2015 **Gold** Michael John Bloomfield,Roy Maconachie,2021-02-04 Gold remains a highly prized and impactful resource within the global economy From the insatiable demand for gold in the electronics that permeate our day to day lives to the environmental desolation driven by gold mining in the Amazon the gold trade continues to touch the lives and livelihoods of people across the world Bloomfield and Maconachie tell the intriguing story of the yellow metal tracing the seismic shifts in the industry over the past few decades They show how huge purchases of gold reserves by BRICS countries mark the shifting balance of power away from the West and how rising affluence in India and China has led to a surging demand for gold jewellery calling into question current approaches to make supply chains more responsible Explaining why gold is so difficult to regulate and why it is only becoming more so the authors suggest ways we could collectively make practices work better for the countless workers and communities who suffer at the producer end of the supply chain Linking local to global producer to consumer and gold s extraction from the Earth to the financial centres that fuel it this book offers a probing analysis that reveals who wins and who loses and what this means for the future of gold **Africa's Mineral Fortune** Saleem H. Ali,Kathryn Sturman,Nina Collins,2018-08-20 For too long Africa s mineral fortune has been lamented as a resource curse that has led to conflict rather than development for much of the continent Yet times are changing and the opportunities to bring technical expertise on modern mining alongside appropriate governance mechanisms for social development are becoming more accessible in Africa This book synthesizes perspectives from multiple disciplines to address Africa s development goals in relation to its mineral resources The authors cover ways of addressing a range of policy challenges environmental concerns and public health impacts and also consider the role of globalization within the extractive industries Academic research is coupled with key field vignettes from practitioners exemplifying case studies throughout The book summarizes the challenges of natural resource governance suggesting ways in which mining can be more effectively managed in Africa By providing an analytical framework it highlights the essential intersection between natural and social sciences central to efficient and effective harnessing of the potential for minerals and mining to be a contributor to positive development in Africa It will be of interest to policy makers industry professionals and researchers in the extractive industries as well as to the broader development community **Corporate Africa** ,2004 **Energy Abstracts for Policy Analysis** ,1987-07 **Transparency and Accountability in Africa's Extractive Industries** Shari Bryan,Barrie Hofmann,2007 While current efforts to increase transparency and accountability in the management of natural resources emphasize the roles and responsibilities of a broad range of actors relatively little attention has been paid to the potential contribution of elected legislators Yet the three core functions of legislative bodies representing constituent interests making

or shaping public policy and overseeing policy implementation by executive branch agencies are central to any effort in this area. This report is an effort to help elected political officials, particularly those in the legislative branch of government, serve as constructive leaders in improving the oversight and management of their countries' natural resources.
