Stop Whining and Start Winning Joel Christiansen, 2006-07 Stop Whining and Start Winning The Power of Life s Choices is an invaluable guide for anyone who no longer wants to live the life of a whiner but would rather experience the life of a winner Author Joel Christiansen suggests that whiners are life s drainers and takers and that whining is so toxic it can mutate and spread from person to person Gone untreated it becomes a hazardous landfill of negativity and despair which only results in pessimism and failure In clear simple and easy to understand language Christiansen points out that winners are life s enhancers and givers who create positive energy and success through optimism and hope Stop Whining and Start Winning The Power of Life s Choices is an excellent resource for anyone who has reached his or her misery level index with whining and has a desire for a more purposeful peaceful and prosperous life A terrible tragedy and waste is when a whiner fails to see and understand the negative ripple effect their whining creates Joel Christiansen Joel Christiansen also wrote the book Out of the Ashes the Resurrection of an Addict Visit Joel at www.noblesoulenterprises.com

Shut Up, Stop Whining, and Get a Life Larry Winget, 2004-11-11 Shut Up Stop Whining Get a Life This is not your typical self help book You won t find any motivational platitudes or cute business parables here This is more of a get off your butt and get to work approach that can help you achieve more success make more money improve your business and have more fun Larry Winget doesn t pull any punches here He believes that business gets better when businesspeople get better through personal growth And it works the same way in your personal life husbands and wives improve each other when they improve themselves and kids improve when their parents do In other words everything in life gets better when you get better and nothing gets better until you get better This book can make you better but it will probably tick you off Winget is direct caustic and controversial You won t like or agree with everything he has to say Yet his advice is full of wisdom and truth that can t easily be argued with Words from Shut Up Stop Whining Get a Life that prove that this book is anything but typical If you don t have much going wrong in your life then you don t have much going on in your life When you work work When you play play Don t mix the two What you think about talk about and do something about is what comes about When it quits being fun quit Time management is a joke And that s just the beginning

Whining, Start Living Dr. Laura Schlessinger, Laura Schlessinger, 2008-03-11 Dr. Laura Schlessinger agrees that there are things worth whining about. A certain amount of whining allows for some venting of reasonable pain, disappointment, fear, frustration, or frank rage. However, staying stuck in whining mode can become a life-long problem. This is where Dr. Laura steps in with Stop Whining Start Living to help folks conquer the temptation to retreat from living life to the fullest. As she reveals in her introduction, no matter what you've suffered or continue to suffer while you are alive, you have the opportunity to get something from this life and I'm going to do my best to help you with that. I know of what I speak as this has been my torturous journey also. Building on the principles developed during her long career as a licensed marriage and family therapist and addressing the chronic struggles of so many of her listeners and readers, Dr. Laura issues an important message in the no-nonsense but compassionate voice that is her trademark. If you don't like your life, quit talking about your unhappiness and try to fix it, no matter how difficult or impossible your situation seems. While it is healthy to vent occasionally, endless rumination on the negative only keeps you paralyzed in misery, reinforces hopelessness, and demoralizes those around you who feel helpless to bring any happiness into your life. Instead, Stop Whining Start Living encourages whiners to reject negative thoughts, emotions, and attitudes, shift perspective, open up to gratitude and goodness, and embrace obligations to loved ones and the world in general. Before long, just doing what you're supposed to be doing instead of moaning about why you can't or won't or shouldn't fulfill your responsibilities will have you feeling better about yourself and will uplift your interactions with family, friends, colleagues, and even complete strangers in incredible ways. Illustrated by calls and letters from members of Dr. Laura's huge international audience, Stop Whining Start Living features brave testimonials from real human beings facing real challenges. These folks have benefited enormously from Dr. Laura's powerful lessons. Stop Whining Start Living gives readers stuck in their suffering the jump start they need to break out of reactive mode and get proactive, moving in the direction of a joyful, meaningful, happy, fulfilling, and purposeful future. Everyone can use a kick in the pants, sometimes, and Dr. Laura, who preaches, teaches, and nags to millions every day on her radio program, is here to deliver it.
