**Meditation** Swami Satprakashananda,1976-01-01 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1978 **Vedanta For All** Swami Satprakashananda,2022-02-06 This book is a collection of Swami Satprakashananda's class talks on different aspects of Vedanta. One of his disciples has compiled and edited the talks and produced this book. The book has 15 chapters discussing in a conversational tone topics including the aura of meditation, the dichotomy of good and evil, the reconciliation between divine grace and the law of karma, the inter relation between reason, volition and emotion, and what happens after death. The book is not only Vedanta for All but also All about Vedanta. **The Yoga of Gita** Ram Shanker Tiwari,2003-08-01 The Bhagavad Gita is replete with universal wisdom and the techniques to attain this. The Yoga of Gita contains the essence of this wisdom, the philosophy of creation and the Ultimate Reality as revealed by Sri Krishna to Arjuna. The book outlines the various paths for realisation. For the layman, the emphasis is on the Yoga of Action, acting without worrying about the rewards for our actions. The book is a rendition of the 18 chapters retold in simple language with a brief account on Yoga and Meditation which will ensure success, serenity, harmony and happiness for readers who follow these principles, finally leading to Salvation. The Universal Vivekananda Compilation, In the whole range of religious biography we hardly come across a personality more dynamic and forceful than Swami Vivekananda. The book published by Advaita Ashrama, a publication house of Ramakrishna Math, Belur Math, India, contains seventeen articles revealing different aspects of Swami Vivekananda's multi-faceted genius. These articles are mainly from the book *Swami Vivekananda in East and West* published by the Ramakrishna Vedanta Centre of London. Some articles from the *Swami Vivekananda Birth Centenary Memorial Volume* have also been included. Svetasvataropanisad Devadatta Kali,2011-06-01 The Svetasvataropanisad is considered to be the most beautiful of all the Upanisads, the philosophical texts of the Hindu religion. In this new translation, Devadatta Kali takes a fresh look and works from a new premise that the Svetasvatara represents a Saivite, one of the Hindu sects' point of view. This, he claims, allows its intended meaning to shine forth. The translation and commentary brings to life the seer Svetasvatara who from time to time delights in provocation and word play, allowing the reader to share the joy of his liberated vision that all this world is an expression of the Divine. This translation aims to capture the seer's ecstatic response to the wonders of creation while pointing the reader towards the even greater wonder of its source. Devadatta Kali's purpose in his translation and the commentary is to convey the vibrant immediacy of the Sanskrit original and strip away many centuries of exegetical accretions in order to make Svetasvatara's message heard as he intended, as a statement of profound insight designed to guide, inspire and enlighten. **Features of the text** 13 pages of uninterrupted flow of the translation of the Upanisad, 6 chapters of the Upanisad in original Sanskrit with English translation and commentary, Two appendixes giving the word by word analysis of the Sanskrit and a complete tabulation of the correspondences with other texts and internal correspondences within the Upanisad itself, Index including bilingual references.
