★☆☆☆☆ No Braille version?

By Seashipquick on February 6, 2015

Format: Paperback

My infant daughter went blind after contracting measles from an unvaccinated child, and yet there's no braille version of this wonderful book for me to give her someday to explain to her how awesome the disease that took her sight away is.

Melanies Marvelous Measles

Hussin A.Rothana

Melanies Marvelous Measles:

Melanie's Marvelous Measles Stephanie Messenger, 2012-12-06 Melanie's Marvelous Measles takes children on a journey to learn about the ineffectiveness of vaccinations and to know they don't have to be scared of childhood illnesses like measles and chicken pox. There are many health messages for parents to expand on about keeping healthy. For an information pack on vaccinations to be sent out free in Australia, people can e-mail growingawareness@yahoo.com and provide their postal address. [Melanie's Marvellous Measles](#) Stephanie Messenger, 2011 **Values and Vaccine Refusal** Mark

Navin, 2015-09-16 Parents in the US and other societies are increasingly refusing to vaccinate their children even though popular anti-vaccine myths e.g. vaccines cause autism have been debunked. This book explains the epistemic and moral failures that lead some parents to refuse to vaccinate their children. First, some parents have good reasons not to defer to the expertise of physicians and to rely instead upon their own judgments about how to care for their children. Unfortunately, epistemic self-reliance systematically distorts beliefs in areas of inquiry in which expertise is required like vaccine immunology. Second, vaccine refusers and mainstream medical authorities are often committed to different values surrounding health and safety. For example, while vaccine advocates stress that vaccines have low rates of serious complications, vaccine refusers often resist vaccination because it is unnatural and because they view vaccine-preventable diseases as a natural part of childhood. Finally, parents who refuse vaccines rightly resist the utilitarian moral arguments for the greater good that vaccine advocates sometimes make. Unfortunately, vaccine refusers also sometimes embrace a pernicious hyper-individualism that sanctions free-riding on herd immunity and that cultivates indifference to the interpersonal and social harms that unvaccinated persons may cause. **Suspicious Minds** Rob Brotherton, 2017-01-03

Suspicious Minds decodes the psychology of why we all believe in conspiracy theories: some of us just hide it better than others. **Perils of Protection** Susan Honeyman, 2018-12-18 Winner of the Children's Literature Association's 2020 Honor Book Award. Unrecognized in the United States and resisted in many wealthy industrialized nations, children's rights to participation and self-determination are easily disregarded in the name of protection. In literature, the needs of children are often obscured by protectionist narratives which redirect attention to parents by mythologizing the supposed innocence, victimization, and vulnerability of children rather than potential agency. In *Perils of Protection*, Shipwrecks Orphans and Children's Rights author Susan Honeyman traces how the best of intentions to protect children can nonetheless hurt them when leaving them unprepared to act on their own behalf. Honeyman utilizes literary parallels and discursive analysis to highlight the unchecked protectionism that has left minors increasingly isolated in dwindling social units and vulnerable to multiple injustices made possible by eroded or unrecognized participatory rights. Each chapter centers on a perilous pattern in a different context: women and children, first rescue hierarchies, geographic restriction, abandonment, censorship, and illness. Analysis from adventures real and fictionalized will offer the reader high jinx and heroism at sea, the rush of risk-finding new

families resisting censorship through discovering shared political identity and breaking the pretenses of sentimentality
AFVA Evaluations ,1993 *Murder International* Dick Francis,1974 A trio of Dick Francis mystery novels In

Adopting the Tune of Appearance: An Emotional Symphony within **Melanies Marvelous Measles**

In some sort of used by monitors and the ceaseless chatter of immediate interaction, the melodic beauty and mental symphony developed by the prepared word frequently fade in to the backdrop, eclipsed by the constant noise and interruptions that permeate our lives. Nevertheless, set within the pages of **Melanies Marvelous Measles** a marvelous literary prize full of organic emotions, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that fascinating masterpiece conducts visitors on a psychological journey, well unraveling the concealed tunes and profound influence resonating within each cautiously crafted phrase. Within the depths of this touching assessment, we can examine the book is key harmonies, analyze their enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
