Sensing Machines Chris Salter, 2022-04-19 How we are tracked surveilled tantalized and seduced by machines ranging from smart watches and Roombas to immersive art installations Sensing machines are everywhere in our world As we move through the day electronic sensors and computers adjust our thermostats guide our Roombas count our steps change the orientation of an image when we rotate our phones There are more of these electronic devices in the world than there are people in 2020 thirty to fifty billion of them versus 7.8 billion people with more than a trillion expected in the next decade In *Sensing Machines* Chris Salter examines how we are tracked surveilled tantalized and seduced by machines ranging from smart watches and mood trackers to massive immersive art installations Salter an artist scholar who has worked with sensors and computers for more than twenty years explains that the quantification of bodies senses and experience did not begin with the surveillance capitalism practiced by Facebook Amazon Netflix and Google but can be traced back to mathematical and statistical techniques of the nineteenth century He describes the emergence of the sensed self investigating how sensor technology has been deployed in music and gaming programmable and immersive art environments driving and even eating with e tongues and e noses that can taste and smell for us Sensing technology turns our experience into data but Salter's story isn't just about what these machines want from us but what we want from them new sensations the thrill of the uncanny and magic that will transport us from our daily grind

Indistractable, Updated Edition Nir Eyal, 2025-11-04 Discover the award winning book that has improved hundreds of thousands of lives by changing how we approach distractions You sit down at your desk to work on an important project but a notification on your phone interrupts your morning Later as you're about to get back to work a colleague taps you on the shoulder to chat At home screens get in the way of quality time with your family Another day goes by and once again your most important personal and professional goals are put on hold What would be possible if you followed through on your best intentions What could you accomplish if you could stay focused What if you had the power to become indistractable In *Indistractable* international bestselling author of *Hooked* and behavioral design expert Nir Eyal reveals the hidden psychology driving us to distraction and the keys to getting the best out of technology without letting it get the best of us Inside Eyal overturns conventional wisdom and reveals Why distraction at work is a symptom of a dysfunctional company culture and how to fix it How traditional to do lists can do more harm than good New distraction challenges related to remote work and videoconferencing and ways to minimize their impact What really drives human behavior and why time management is pain management Case studies and expert guidance for effective timeboxing Why your relationships and your sex life depend on you becoming indistractable How to raise indistractable children in an increasingly distracting world Solving the problem of technology driven distraction is not as simple as swearing off our devices Abstinence is impractical and often makes us want more Empowering and optimistic *Indistractable* provides practical novel techniques to control your time and attention helping you live the life you really want

ON/OFF Sarah Genner,2017-01-03 Are you constantly online Or are you offline sometimes Are you offline if you are not interacting with your connected devices Or if no data about you is being collected Do you check Instagram and Twitter during dinner Do you turn off your smartphone at night Do you check work emails on vacation Do you feel you have to disconnect regularly to relax to concentrate or to protect your privacy Or do you feel more relaxed when constantly connected because your loved ones a work emergency or the news are always at your fingertips Why are some people even within networked societies still completely offline given the tremendous opportunities of the Internet And what does it even mean to be online or offline in the age of hyper connectivity In *ON OFF* Sarah Genner assesses the risks and rewards of the anytime anywhere Internet focusing on digital divides social relationships physical and mental health and data privacy She discusses implications for a variety of decision makers in the world of work in education in families and in politics The author deconstructs the online offline dichotomy and suggests the *ON OFF* scale as a new theoretical framework for researchers and practitioners

Disentangling André Jansson,Paul C. Adams,2021-06-28 Blending philosophy and sociology with media geography *Disentangling* offers a crucial reflection on how we might unravel our digital dependence by reasserting resilient boundaries between ourselves and the surrounding political economic cultural and technological systems

Breaking the News Alex Marlow,2021-05-18 From the editor in chief of Breitbart News the New York Times bestselling must read Sean Hannity investigation into how the establishment media became weaponized against Donald Trump and his supporters on behalf of the political left In this timely and important book Glenn Beck Marlow explains how the establishment press destroyed its own credibility with a relentless stream of fake news designed to smear Donald Trump and his supporters while advancing a leftist agenda He also reveals key details on how our information gatekeepers truly operate and why America s fake news moment might never end Breitbart and Trump began banging the drum about fake news during the 2016 election and it resonated with millions of voters because they intuitively knew the corporate media was willing to say or write anything to achieve their political ends It s a battle cry that continues to this day Deeply researched and eye opening *Breaking the News* rips back the curtain on the inner workings of how the establishment media weaponizes information to achieve their political and cultural ends
