R., Bhatia, Surbhi, 2021-06-25. Multinational organizations have begun to realize that sentiment mining plays an important role for decision making and market strategy. The revolutionary growth of digital marketing not only changes the market game but also brings forth new opportunities for skilled professionals and expertise. Currently the technologies are rapidly changing and artificial intelligence, AI and machine learning are contributing as game changing technologies. These are not only trending but are also increasingly popular among data scientists and data analysts. *New Opportunities for Sentiment Analysis and Information Processing* provides interdisciplinary research in information retrieval and sentiment analysis including studies on extracting sentiments from textual data, sentiment visualization based dimensionality reduction for multiple features and deep learning based multi-domain sentiment extraction. The book also optimizes techniques used for sentiment identification and examines applications of sentiment analysis and emotion detection. Covering such topics as communication networks, natural language processing and semantic analysis, this book is essential for data scientists, data analysts, IT specialists, scientists, researchers, academicians and students.

Strategic Financial Management Casebook strategically uses integrative case studies, cases that do not emphasize specific subjects such as capital budgeting or value based management, to provide a framework for understanding strategic financial management. By featuring holistic presentations, the book puts readers into the shoes of those responsible for the world's largest wealth creators. It covers strategies of growth, mergers and acquisitions, financial performance analysis over the past decade, wealth created in terms of stock returns since its listing in stock market, investment and financial decisions, cost of capital and corporate valuation. In addition, the casebook also discusses corporate restructuring activities undertaken by each company. Each chapter follows a template to facilitate learning and each features an Excel-based case analysis worksheet.

that includes a complete data set for financial analysis and valuation Introduces a conceptual framework for integrating strategy and finance for value creation Emphasizes the roles of corporate governance corporate social responsibility and risk management in value creation Encourages an analysis of investment financing and dividend decisions Examines non financial factors that contribute to value
