### **Startup Ecosystems**

Fabio Greco,2023-07-25 This book analyzes the components of the startup ecosystem including the characteristics that can favor or disadvantage the development of new innovative ventures The author believes it is essential to identify crucial variables of start up ecosystems that have a context specific influence on the well being and development of startups In this regard the book analyzes the concept of the start up ecosystem both from the point of view of scholars and professionals The author then deals with the diverse approaches to studying startup ecosystems which have over the years become increasingly complex and less linear making systematization indispensable The author provides therefore a classification with a transversal logic with respect to this diversity of contributions in the literature The main theoretical contributions to start up ecosystems are grouped according to the attention they place on three different variables territorial contexts resources and actors The author also presents qualitative interview based research using narrative analysis mode to understand the three variables The work provides on the one hand the proposal of a framework as a theoretical interpretative model useful both for the description of the fundamental components of the start up ecosystem and also useful for giving a boost to future research On the other hand the book also presents evidence of a practical nature useful to support and guide the choices of startup founders and of managers of companies and institutions that orbit within start up ecosystems
