Medici Godfathers Of The Renaissance:

The Medici Paul Strathern,2018-02-22 A dazzling piece of Italian history of the infamous family that became one of the most powerful in Europe weaving its history with Renaissance greats from Leonardo da Vinci to Galileo. Against the background of an age which saw the rebirth of ancient and classical learning The Medici is a remarkably modern story of power, money and ambition. Strathern paints a vivid narrative of the dramatic rise and fall of the Medici family in Florence as well as the Italian Renaissance which they did so much to sponsor and encourage. Strathern also follows the lives of many of the great Renaissance artists with whom the Medici had dealings including Leonardo Michelangelo and Donatello as well as scientists like Galileo and Pico della Mirandola and the fortunes of those members of the Medici family who achieved success away from Florence including the two Medici popes and Catherine de Medici who became Queen of France and played a major role in that country through three turbulent reigns. A great overview of one family's centuries long role in changing the face of Europe. **Irish Independent** [Empires: the Medici, Godfathers of the Renaissance](#), **The Medici** Public Broadcasting Service (U.S.),2004 From a small Italian community in 15th century Florence the Medici family would rise to rule Europe in many ways. Using charm, patronage, skill, duplicity and ruthlessness they would amass unparalleled wealth and unprecedented power. They would also ignite the most important cultural and artistic revolution in Western history the European Renaissance. But the forces of change the Medici helped unleash would one day topple their ordered world.

Reel Medici Mobsters? Christina Loong,2009 This article considers the 2004 PBS documentary **Medici Godfathers of the Renaissance** in relation to its suggestions that the Medici family of Florence shared similar traits to modern Mafiosi. It analyses the cinematic influence of Francis Ford Coppola's Godfather trilogy on the documentary's filming as well as that of Hollywood gangster films in general. The distinct references that the director used to illustrate the link between the Corleones and the Medici and the implications of these with regard to the depiction of Italian culture and history in both fictional and non-fiction films. Abstract on item **The Medici Godfathers of the Renaissance** Lorenzo D'Angelo,2025-01-15 In an era when Europe was stepping into the age of rebirth in art, science and humanism one family name rose to become synonymous with power, wealth and cultural magnificence. The Medici more than just a name, it is a symbol of an epoch, a dynasty whose ambition and patronage reshaped the world. How did one family come to rule Florence as invisible kings, architects of the Renaissance and leave a legacy that still inspires today? This book will take you on a captivating journey through the intrigues, alliances and rivalries that turned the Medici into the Godfathers of the Renaissance. **The Medici, Michelangelo, & the Art of Late Renaissance Florence** Cristina Acidini, Cristina Acidini Luchinat, Palazzo Strozzi, Art Institute of Chicago, Palazzo Strozzi (Florence, Italy)., Detroit Institute of Arts, Art Institute (Chicago, Ill.), Marco Chiarini, 2002-01-01 Published in conjunction with the exhibition Magnificenza: the Medici, Michelangelo, the Art of Late Renaissance Florence. Paths of Wickedness and Crime Mark Galeotti,2012 There were shadows to the Italian Renaissance Just as art and philosophy were flourishing so too were darker practices from murder for hire to prostitution However despite popular parallels between families like the Borgia and the Medici and the Mafia there has been little systematic examination of the presence of organised crime in the era In this short and lively essay Mark Galeotti rereads and occasionally reinterprets the rich secondary literature to introduce a cast of corrupt princes bandit chieftains professional assassins human traffickers thugs and conmen and suggest that there were signs of the early beginnings of organised criminality in the towns and cities of late medieval and Renaissance Italy An historian and political scientist Mark Galeotti is Professor of Global Affairs at New York University s SCPS Center for Global Affairs
