Medjugorje Revisited 30 Years Of Visions Or Religious Fraud:

Medjugorje Revisited Donal Anthony Foley, 2011 Medjugorje Revisited 30 Years of Visions or Religious Fraud investigates the alleged visions of the Blessed Virgin Mary at Medjugorje looking at their origins and their impact on the Catholic Church. It is an expanded revised and updated version of Understanding Medjugorje which was published in 2006. Since then there have been important new developments including the formation of an International Commission to investigate the alleged visions. Millions of people have visited Medjugorje even though it has received no official Church approval. Medjugorje Revisited focuses on the transcripts of the original tapes of the visionaries made in June 1981 and the credibility of the visions and the visionaries demonstrating the serious problems involved in accepting Medjugorje as genuine. It also examines the role of theologians and the Hercegovina Franciscans in promoting Medjugorje and its tangled historical and religious background as well as its links with the Charismatic Renewal. In sum it examines all the relevant evidence about Medjugorje and concludes that despite some good fruits it bears all the hallmarks of a vast religious fraud.

Mary, Mary?...Quite Contrary! Pastor Jeffrey Daly, 2025-11-02 This was written to honor Real Mary. After Yeshua our first love Real Mary is part of the inspiration for this book. She is depicted in several shadow types in scripture as Miriam the sister of the Deliverer, Mary the virgin the mother of the Messiah, Mary of Bethany the friend to the Friend that sticks closer than a brother, and Mary Magdalene a type and shadow of the bride of Christ. Real Mary she is a sister a mother a friend a betrothed and along with the remaining living stones of the final century church she is the future bride of Christ. Thank you Mary the Real Mary. Get her for me for she pleaseth Me well. Judges 14 3b JPS Tanakh version.

Introduction to Mariology

Manfred Hauke, 2020-09-11 In Introduction to Mariology Fr Manfred Hauke provides a synthesis of Mariology and the biblical fundaments and development of Marian doctrine. While it works as a comprehensive introduction suitable for courses on the subject it is in reality a panoramic view on the entire Marian doctrine and as such will be essential for the theological formation of seminarians priests theologians and all kinds of educated Catholics. With an unparalleled bibliographic citation of Marian literature across a dozen languages it is also a perfect gateway to further research on the subject. It begins with Biblical doctrine which is important especially for the dialogue with Protestant denominations. Catholic Mariology can be traced in its embryonic state already in Holy Scripture. From there Hauke presents a historical overview of the whole development of Marian doctrine before developing further historical details in the subsequent chapters dedicated to systematic issues. The first systematic step approaches the figure of Mary through her role in the mystery of the Covenant between God and redeemed humanity her being Mother of God and companion of the Redeemer is the fundamental principle. Then the four established Marian dogmas are presented: divine maternity, virginity, Immaculate Conception in a chapter on Mary's holiness more broadly and bodily Assumption. A close look is given to maternal mediation which includes a part dedicated to the Mater Unitatis. A stand alone chapter is dedicated to Marian apparitions authentic apparitions are presented.

as a part of prophetic charisma The last chapter presents the basics on Marian devotion which culminates in the consecration to Mary as a response to her maternal mediation Already available in Spanish Italian Portuguese and Korean this landmark work is published here for the first time in English [Islam, Christianity and the Realms of the Miraculous](#) Ian Richard

how pilgrimage places in today s globalized world do not exist as contained spaces but have porous boundaries both physically and conceptually Taking an interdisciplinary approach that draws on art history and heritage studies the book considers the cathedral of Chartres France Medjugorje in Bosnia and Herzegovina and the House of Mary near Ephesus Turkey In all three sites the place of pilgrimage accommodates multiple different purposes and groups of people

intermingling devotional and commercial aspects different memory narratives and heterogeneous audiences By mapping these porous boundaries the book calls into question how we define pilgrimage place and shows how pilgrimage sites are not set apart from the everyday world but intimately connected with wider cultural political and material dynamics This study will be relevant to scholars engaging with issues of pilgrimage cultural heritage and art across religious studies art history anthropology and sociology [*The Catholic Periodical and Literature Index*](#) ,1988 [Medjugorje Complete](#) Donal Anthony
