Horse Photography Carol J. Walker, 2010 Why photograph horses Because in the words of author Carol Walker they fill our hearts and capturing them on film or in digital images expresses that relationship We want to catch and hold and show their spirit their tremendous joy in living their unique personalities and of course their incomparable beauty And we want the quality of our images to honor our glorious subjects Provided by publisher

Equestrian Photography, 2017-03-20 In this book Barbara Bower Lorain OH teaches beginning and professional photographers how to embrace the art and technique of horse

photography Readers will learn how to prepare a horse and their owner for a portrait session and will also discover how to analyze the portrait location whether it s a barn field or show grounds to determine the most effective subject placement When working on location and particularly outdoors lighting can be a challenge Bower provides tips for finding and capturing exquisite light or modifying existing light for better results to bring out the beauty and detail in the horse s every feature She also teaches readers how to interact with horses safely and effectively and to use prompts that win their attention and evoke beautiful physical expression

Alexandra Vogt Alexandra Vogt,2005 Austrian photographer Alexandra Vogt celebrates the freedom and sensuality of the horse in this new publication Her slightly soft intensely saturated color images far surpass the cliched imagery associated with women and horses this is a world of obsession where the horse is a metaphor for vitality and longing in an environment that seems increasingly empty of visual and literal poetry Vogt s photos often pick out small details of the equestrian world where tangled reins prancing hooves or a wind tossed mane become symbols for the larger meaning of these powerful beautiful and intelligent animals so closely intertwined with man or woman Don t expect My Little Pony

How to Photograph Horses Stuart Newsham,1996 Written in a clear style the author explains the basic equipment needed to photograph horses and reveals tricks of the trade to get the horse into the correct stance for the best results

Portrait of the Horse Sebastian McBride,2006-08 Foto Praxis Pferde fotografieren Regine Heuser,2015-12-09 In diesem Buch finden Sie geballtes Know how f r beeindruckende Fotos Ihrer Pferde Sie erhalten wertvolle Tipps f r die h ufigsten Motivsituationen sowie konkrete Vorschl ge f r die optimalen Kameraein stellungen Eine Vielzahl von Tipps und Referenzabbildungen zeigen die wichtigsten Parameter wie Blende Belichtungszeit ISO Empfindlichkeit Belichtungsmessmethode und mehr unabh ngig davon mit welcher Kamera Sie arbeiten Ihr Begleiter f r jedes Pferde Shooting immer zur Hand wenn Sie ihn brauchen
