*Why Fat Acceptance is Killing Us* Conrad Riker, 101-01-01 They Called Obesity Brave Now Your Son's Gym Class is Cancelled Tired of being shamed for valuing discipline while society glorifies self destruction Sick of doctors prioritizing body positivity over telling you the truth about diabetes heart disease and early death Worried your sons will grow up in a world where toxic masculinity means any masculinity Expose how fat liberation undermines personal accountability and medical science Learn why progressive movements always escalate from tolerance to tyranny Discover the evolutionary truth Weak bodies breed weak civilizations Debunk the health at every size myth with data leftists don't want you to see Fight back against ideologies that replace heroes with victims Reclaim masculinity as society's stabilizing force not a punchline Unmask the Frankfurt School's role in weaponizing pity to dismantle meritocracy Protect your family from a culture that pathologizes strength and rewards failure If you want to stop apologizing for excellence and defend the values that built civilization buy this book today before they ban it

*The Danger of Devaluing Immigrants* Fariborz Ghadar, 2022-11-07 Despite deep divisions on the issue of immigration this book shows that immigration promotes economic innovation expands the job market and contributes to diversity and creativity in the United States Immigration as a conduit for bringing new talent ideas and inventions into the United States is essential to the success and vitality of our economy and society This timely book researched and written by the Immigration Book Project Team at Penn State University approaches immigration from historical economic business and sociological perspectives in order to argue that treatment of immigrants must reflect and applaud their critical roles in supporting and leading the economic social cultural and political institutions of civil society Approaching immigration as both a socioeconomic phenomenon and a matter of public policy The Danger of Devaluing Immigrants offers demographics and statistics on workforce participation and job creation along with stories of individual immigrants contributions to the economy and society It supports the idea that when immigration is challenged in the political sphere we must not lose sight of the valuable contributions that immigrants have made and will continue to make to our democracy

*Growing up in America's Golden Age and Growing Old in the Age of AI* James Ottavio Castagnera, 2025-01-15 As the title suggests Part One of this book chronicles the so called Golden Age of America from the perspective of a Baby Boomer growing up in the latter half of the 20th century The first ten chapters are designed to paint as clear a picture as possible of this alleged Golden Age by presenting vignettes from the author's own life complimented by commentaries that place these vignettes into a broader socio political context The intended result is a more balanced view of this time in history In Part Two the author draws a portrait of more recent times and endeavors to predict what lies ahead for all of us in the Age of AI In 1945 the technologies on the white magic side of the scientific spectrum contributed to the unprecedented prosperity of the half century of America's purported Golden Age In 2025 the author posits that the soon to be dominant technology we have labeled Generative Artificial Intelligence poses an existential threat to our prosperity and our democracy but also the

potential following a likely period of wrenching trials and tribulations for a new Golden Age **The Employee Experience Revolution** John R. DiJulius, David D. Murray, 2024-06-10 Create a World Class Workforce Every business out there is interested in earning profits But sometimes the bottom line is not the best indicator of a company's long term health In the wake of the Great Resignation companies are scrambling to hold on to both employees and profits It turns out that one answer is the key to both The Employee Experience Revolution divulges the little known secret of how to become a more profitable company in both the short and long term happy employees Your customers will never be any happier than your employees Your people create and deliver the experience that keeps customers coming back Authors John DiJulius III and David Murray founder and VP of consulting respectively of The DiJulius Group are experts in the customer and employee experience industry The companies they have advised include Starbucks Chick fil A Lexus and The Ritz Carlton The goal is to have processes and a culture that encourage employees to naturally buy in to a company's brand so they voluntarily sing their employer's praises while providing stellar customer service Pay is only one factor A healthy organization will strive to give their employees job satisfaction by providing purpose recognition appropriate expectations and even like minded coworkers The principles in this book can be applied to any company large or small to help improve how their organization runs as well as their bottom line
