[Getting Started in Alternative Investments](#) Matthew Dearth, Swee Yong Ku, 2023-04-24 Explore exciting alternatives to traditional securities in this eye opening investment resource. In *Getting Started in Alternative Investments* Understanding the World of Investment Strategies a team of accomplished investment and finance experts delivers a concise and robust exploration of mainstream and alternative investments. From cryptocurrencies to streetwear you'll learn about new opportunities for investment capturing the imagination of the latest generation of investors. In this book the authors discuss investments as varied as catastrophe bonds and non fungible tokens as well as the growing influence of the ESG Environmental Social and Governance movement on different financial instruments. It also examines More traditional alternatives to typical securities like venture capital private equity and real estate related investments. Modern alternative investments including alternative finance e.g. peer to peer lending insurance linked securities and impact investing. Niche assets such as intellectual property e.g. royalties and patents fractional ownership of collectibles and income sharing agreements. *Getting Started in Alternative Investments* is a must read book for individual and retail investors as well as investment and finance professionals seeking to expand their investment horizons beyond traditional stocks and bonds.

**Themes in Alternative Investments** Shaen Corbet, Charles Larkin, 2024-07-22 In an era where traditional investment paradigms are being constantly redefined by technological innovation and the global push towards sustainability *Themes in Alternative Investments* emerges as a seminal volume designed to guide investors, finance professionals and scholars through the complex terrain of non traditional financial vehicles. This volume presents a thorough exploration of the interconnections between cutting edge technology dynamic market forces and the intricate regulatory landscapes shaping the future of finance. With a spotlight on burgeoning investment mediums such as cryptocurrencies, non fungible tokens, NFTs, private equity and fine wine it provides a critical analysis of the burgeoning domain of sustainable finance solutions amidst the digital revolution. The contributors to this volume undertake a meticulous examination of alternative investments presenting a nuanced narrative that spans from the infamous Tuna Bonds scandal to the high profile downfalls of Silicon Valley Bank and the FTX exchange. This narrative delves into the profound implications of technological advancements on market infrastructures, scrutinising the shifting contours of financial fraud and the paramount importance of robust regulatory frameworks in upholding market integrity. *Themes in Alternative Investments* not only dissects the allure and pitfalls of these emergent investment avenues but also casts a critical eye on the role of artificial intelligence in reshaping investment strategies and market operations. The discussion transcends the mere identification of opportunities and challenges offering a deep dive into the mechanisms by which technology and AI are becoming pivotal in the detection and prevention of market manipulation and fraud. As the landscape of alternative investments expands driven by investor appetite for innovation and higher yields this volume serves as an indispensable resource. It equips stakeholders with the analytical tools and insights

needed to discern the complexities of these investment strategies navigate their risks and harness the potential of financial markets evolving under the influence of digital transformation and sustainability imperatives
