Administration, Exam #70-646 Michael Palmer, 2010-11-04 The LAB MANUAL FOR MCITP GUIDE TO MICROSOFT WINDOWS SERVER 2008 SERVER ADMINISTRATION prepares the reader with the hands on instruction necessary to administer networks using the Microsoft Windows Server 2008 operating system. Focusing on updates to the software and in depth coverage of the administration aspects of Windows Server 2008 this book includes hands on labs to install, configure, manage and troubleshoot Windows Server 2008. These labs offer a hands on approach to learning that is a key component of the Microsoft Windows Server 2008 MCTS MCITP exams.

The Real Citrix CCA Exam Preparation Kit Shawn Tooley, 2009-05-18 The Citrix Certified Administrator CCA credential is the first tier of Citrix certification. The CCA is most often sought out by IT professionals whose networks employ Citrix virtualization technology and for those IT professionals who are seeking a broad base of general network expertise. The number of CCAs is estimated at between 65 and 70K up from 45 000 in 2003. Citrix recently released a new version of its most popular product XenApp formerly Presentation Server. This new version is fully compatible with Windows Server 2008. To retain their CCA credential all current CCAs will need to upgrade to the new software. This will be particularly important to those companies enrolled in Citrix partner programs as current certification is a requirement of the program. When packaged with practice exams this prep kit will offer an affordable effective solution for CCA certification and re certification. Complete exam prep package includes full coverage of new XenApp 5.0 objectives. Authored by a Citrix expert with hundreds of implementations to his credit. This preparation kit can also be used as a reference guide for administrators who need to integrate XenApp 5.0 with their networks.

Mike Meyers CompTIA A+ Guide to Managing and Troubleshooting PCs, 4th Edition (Exams 220-801 & 220-802) Mike
