## **Measuring Loss In Catastrophic Injury Cases:**

**Measuring Loss in Catastrophic Injury Cases** Kevin S. Marshall, Thomas R. Ireland, 2006-01-01 This new reference work addresses the loss measurement issues confronted in catastrophic injury cases. The measurement of loss in such cases is an interdisciplinary effort involving the participation of many specialists including economists, rehabilitation counselors and therapists, health care providers, life care planners, attorneys and others including the patient and his or her family. This book is designed for all parties involved in catastrophic injury cases. Areas covered include the interdisciplinary nature of measuring loss, the role of the forensic economist in determining loss working with life care planners and rehabilitation and vocational experts, impact of a reduced life expectancy, types of settlements including annuities, structured settlements and periodic payment judgments, and suggestions for building an expert damages team when working on this type of case. In this book you'll find the information necessary to assess and derive a fair and accurate measurement that will as fairly as possible compensate the injured party and/or his or her family for his or her actual losses. Interdisciplinary nature of measuring loss, The role of the forensic economist, The roles of vocational and rehabilitation experts, Overview of life care planning, What is needed from life care planning experts, Impact of reduced life expectancy, Annuity contracts, Structured Settlements, Periodic payment judgments, Building an expert damages team.

## **Measuring Business Interruption Losses and Other**

**Commercial Damages** Patrick A. Gaughan, 2020-06-30 Measure business interruption losses with confidence. You hope for the best and plan for the worst. It's your job. But when the unimaginable happens, are you truly prepared for those business interruption losses? *Measuring Business Interruption Losses and Other Commercial Damages* is the only book in the field that explains the complicated process of measuring business interruption damages after you've been hit by the unexpected—whether the losses are from natural or man-made disasters or whether the performance of one company adversely affects the performance of another. Understand the methodology for how lost profits should be measured. Deal with the many common types of cases in business interruption lawsuits in commercial litigation. Take a look at exhibits, tables and graphs. Benefit from updated data, case studies and case law references. Don't get caught off guard. Get ahead of planning for measuring your interruption losses before disaster strikes.
