Andrew Coulter

Media Ocracy Mainstream Controls Political Discourse:

Media-Ocracy Andrew Coulter, 2015-12-17 The main idea to take from this book is that Progressivism is a religion. It is a secular humanistic religion in which man as a collective is the God. It is governed by a collectivist communitarian ethos which is inimical to everything America stands for. As a religion it has dogmas and times prophecy a priesthood and a mission to convert the non believers. It exiles the heretics and repudiates the apostates. Progressivism uses politicized science or Scientism rather than the scientific method to bolster its claims. It uses partisan media rather than objective journalism to advance its narratives at the expense of truth. [The Routledge Handbook of Political Communication in Ibero-America](#)

Andreu Casero-Ripollés, Paulo Carlos López-López, 2024-10-31 *The Routledge Handbook of Political Communication in Ibero America* addresses the relationship between communication politics and digital technologies in Latin American and the Iberian Peninsula a geographical space linked by social cultural and linguistic aspects. The book also considers the media's role in promoting a range of twentieth century ideologies and emerging dominant discourses. [*The Media and Political Process*](#) Eric Louw, 2010-02-17 How have professional communicators transformed the business of politics. How do political bodies use the media to sell domestic and foreign policies to the public. This fully revised new edition of *The Media and Political Process* assesses the impact of spin doctoring and media activity in liberal democracies that are just as concerned with impression management and public

relations as with policy Political processes never stand still and this revised second edition explores the mediatisation of the political process in light of recent developments from Vladimir Putin's growth into a political celebrity to the activities of spin doctors in the 2008 US Presidential Elections Providing a comprehensive overview of the evolution operation and terminology of political communication this text is an accessible lively resource for students of political communication and media and politics and will be important further reading for students of journalism public relations and cultural studies

Gutsche, Jr.,2015-10-22 Media Control News as an Institution of Power and Social Control challenges traditional and even some radical perceptions of how the news works While it's clear that journalists don't operate objectively reporters don't just cover news but they make it Media Control goes a step further by arguing that the cultural institution of news approaches and presents everyday information from particular and dominant cultural positions that benefit the power elite From analysing how the press operate as police agents by conducting surveillance and instituting social order through its coverage of crime and police action to bolstering private business and neoliberal principles by covering the news through notions of boosterism Media Control presents the news through a cultural lens Robert E Gutsche Jr introduces or advances readers applications of critical race theory and cultural studies scholarship to explore cultural meanings within news coverage of police action the criminal justice system and embedding into the news

democratic values that are later used by the power elite to oppress and repress portions of the citizenry Media Control helps the reader explicate how the power elite use the press and the veil of the Fourth Estate to further white ideologies and American Imperialism Political Discourse in Media A.
