Multinational Federalism In Bosnia And Herzegovina Southeast European Studies:

Multinational Federalism in Bosnia and Herzegovina Soeren Keil, 2016-04-15 In 1995 none of the political parties representing the peoples of Bosnia preferred a federal option Yet Bosnia became a federal state highly decentralised and with a complex institutional architecture This solution was imposed on them by international actors as a result of peace negotiations following the Yugoslav wars Political parties in post war Bosnia were not willing to identify with or accept the federation The international community intervened taking over key decisions and so Bosnia and Herzegovina became the first state to experience a new model of federalism namely imposed federalism and a new model of a federal state that of the internationally administered federation By combining comparative politics conflict analysis and international relations theory Soeren Keil offers a unique analysis of federalism in post Dayton Bosnia and Herzegovina By exploring this model of imposed federalism not only does this study greatly contribute to the literature on developments in Bosnia and Herzegovina it also re evaluates comparative federalism in theory and practice This study also offers important conclusions for similar cases both in the Western Balkans region and the wider world where international involvement and federalism as a method of conflict resolution in diverse societies becomes ever more prevalent and important

Emerging Federal Structures in the Post-Cold War Era Soeren Keil, Sabine Kropp, 2022-05-18 This book conceives federalism not as a static institutional architecture but as a dynamic formation always in flux This may entail processes of federalization but in some cases also lead to de federalization It looks at emerging federal structures worldwide and analyses federal structures their emergence operation and categorization The contributors

highlight that the emergence of these federal structures has multiple facets from the recognition of ethnic diversity to the use of federalism as a tool of conflict resolution Identifying and categorizing processes of federalization and defederalization in a variety of cases the book provides much needed empirical and theoretical discussion on emerging federal structures and the changing nature of federalism in the post Cold War era *Asymmetries, Courts, and Comparative Constitutional Law* Lidia Bonifati, 2025-10-20 This book explores constitutional asymmetries in divided multi tiered systems as a dynamic constitutional model to accommodate ethnocultural diversity through a comparative analysis of 12 constitutional systems from both the Global North and the Global South It offers a unique integrated analysis of asymmetries as designed by the constitutional orders and interpreted by courts The book contributes to the comparative constitutional scholarship on asymmetric federalism providing for not only a qualitative but also a quantitative assessment of asymmetries It combines traditional doctrinal and case law analysis with emerging methodological approaches to legal research such as empirical legal studies and decolonial comparative law *The Contentious Politics of Statebuilding* Outi Keränen, 2017-04-21 This book introduces new conceptual tools for studying local agency and international local dynamics in post conflict statebuilding

Illiberal Politics in Southeast Europe Damir Kapidžić, Věra Stojarová, 2021-09-30 The world is increasingly becoming less democratic and this trend has not left Southeast Europe untouched But instead of democratic breakdown what we are witnessing is a gradual decline and the rise of competitive authoritarian regimes This book aims to give a country by country overview of how illiberal politics has led to a decline in democracy and the re emergence of autocratic governance in Southeast Europe more specifically in the Western Balkans It defines illiberal politics as the everyday practices through which ruling parties undermine democratic institutions in order to remain in power Individual chapters examine recent political developments and identify practices of illiberal politics that target electoral institutions rule of law media freedom judicial independence and enable political patronage while several thematic chapters comparatively explore cross regional patterns This book addresses academics policymakers and practitioners with professional interest in Southeast Europe or democratic decline and is both timely and relevant as the European Union attempts to reengage with the countries of the Western Balkans The chapters in this book were originally published as a special issue of Southeast European and Black Sea Studies *Conflict Areas in the Balkans* Pinar Yürür, Arda Özkan, 2020-10-27 The situation in the Balkans such as the solution to the status of Kosovo is currently the largest international political problem in Europe with the potential to burst into a world crisis regarding the Eastern Western relations On the other hand a successful solution to the problem in the Balkans could serve as a model for solving the Muslim Christian tensions elsewhere in the world It is the intention of this book to contribute proposals for solutions to the problems of Balkans The starting principle for the solutions to be effective is that they should come in a natural way from the people below and should not be enforced by the political elites from above Based on self determination of nations as a starting principle they should encourage intra regional cooperation among the

regional entities economic cultural sport as a basis for political social understanding and cooperation secondly accelerate their economic political and social development and thirdly as a final step enable the inclusion of the Balkan countries into the European Union Federalism, Subnational Constitutions, and Minority Rights G. Alan Tarr,Robert F. Williams,Josef Marko,2004-08-30 It is widely asserted that federalism often involving subnational constitutions is the best measure for protecting minority rights Scholars of law in Europe and the US analyze the connection between the two First they explore some of the complexities of comparative constitutionalism then they present case studies of constitutional arrangements and the protection of minority rights in mature transition and emerging federal systems Annotation 2004 Book News Inc Portland OR booknews com *Ethnic Relations in Eastern Europe* Margit Feischmidt,2001 Dotyczy m in Polski *Central and Southeastern Europe in Transition* Hall Gardner,Elinore Schaffer,Oleg Kobtzeff,2000-06-30 It is increasingly important to understand the complexity of central and southeastern Europe following the enlargement of NATO into Central Europe the ongoing problems of the Balkans and the subsequent focus of global attention on the entire region Gardner brings together exceptional French and Eastern European scholars who present first hand accounts of their experience and knowledge of the region Each provides differing political social cultural and economic perspectives on Central and Southeastern Europe The volume begins with a general discussion of the place of central and southeastern Europe in the greater scheme of European history This is followed by an examination of the western European and Russian attitudes toward the Balkans and the largely ignored affects of the Ottoman empire on the Balkans The importance of culture and the crucial role it played in undermining both the theory and practice of communism is explored The impact of the media is then examined in two chapters that look at the process of media liberalization in the context of each country s political situation and the particular problems the media faces in the region The focus shifts to the role of finance capital and its impact in emerging privatized economies How the global drug wars affect the Balkan region are also explored The ecological damage to Central and eastern Europe and Russia caused by the communist system is detailed and the volume ends with a look at the complexity of factors that led NATO to enlarge into Central Europe and intervene in Bosnia and Kosovo This wide ranging collection will be of particular interest to scholars and researchers involved with all facets of contemporary central and eastern European life **Documents, Working Papers - Council of Europe, Parliamentary Assembly** Council of Europe.
