Smartsourcing Thomas M Koulopoulos, Tom Roloff, 2006-02-24 Outsourcing is the most popular movement of the new global business economy In fact the typical executive will soon spend one third of their budget on outsourcing Smartsourcing is the next evolution in outsourcing Traditional outsourcing reduces costs by moving the work to where the least expensive workers are While that may cut costs it simply replicates the status quo Smartsourcing goes a step further by showing companies how to partner with service providers to not only cut costs but also increase innovation across the full spectrum of their business Smartsourcing is the first book on the market to be ahead of the curve on one of the most important shifts in business today

Successful Outsourcing and Multi-Sourcing Mr Derek Parlour, 2014-08-28 The author of *Successful Outsourcing and Multi Sourcing* is a practitioner heading an operation that handles 400 million customer contacts a year with less than 30 staff through both outsourcing and multi sourcing As well a focus on multi sourcing the book addresses the question of why a business should outsource in the first place and how

Besides the 3 O s of Outperforming cast your mind far and wide Try not to miss anything Once you have thought of all the possibilities make the guess again What is the most outsourced service on earth today If you guessed call centres I would have to say no In fact if you guessed any of the following services logistics IT sales training fleet management or payrolls all popular services to be outsourced I would not nod my head once The answer which lies somewhere in this chapter is going to be a surprise to you Whether your guess is correct or not there is a lot more to be explored You will come to recognise how ubiquitous outsourcing has become in the modern day commercial world and how to keep your eyes open to recognise situations that are amenable to outsourcing The full list of all outsourceable activities within a company may include an element of surprise You will also know the answer to the second part of the 483 billion question i e when you must NOT outsource In our work we frequently encounter people who are dogmatic about outsourcing on both sides of the fence We have worked closely with directors serving on boards of large organisations who are against outsourcing On the other hand we also talk to people at all levels in companies who would rather outsource than do the tasks internally We have come across situations where companies are reluctant to outsource and where that would have been the best course of action
