The Routledge Companion to Automobile Heritage, Culture, and Preservation Barry L. Stiefel, Jennifer Clark, 2019-12-06

The Routledge Companion to Automobile Heritage Culture and Preservation explores automotive heritage its place in society and the ways we might preserve and conserve it Drawing on contributions from academics and practitioners around the world and comprising six sections this volume carries the heritage discourse forward by exploring the complex and sometimes intricate place of automobiles within society Taken as a whole this book helps to shape how we think about automobile heritage and considers how that heritage explores a range of cultural intellectual emotional and material elements well outside of the automobile body itself Most importantly perhaps it questions how we might better acknowledge the importance of automotive heritage now and in the future The Routledge Companion to Automobile Heritage Culture and Preservation is unique in that it juxtaposes theory with practice academic approaches with practical experience and recognizes that issues of preservation and conservation belong in a broad context As such this volume should be essential reading for both academics and practitioners with an interest in automobiles cultural heritage and preservation **Flex Life**

**Deconstructing Masculinity: Interrogating the Role of Symbolism in Gender Performativity** Lauren Dundes ,Michael Macaluso,2024-09-19 Progress towards gender parity is hindered by unconscious ways that hypermasculinity is valorized at a symbolic level By deconstructing how social and textual phenomena as well as social structures contribute to gender performativity we can elucidate hard to discern patterns that perpetuate hegemonic masculinity The subliminal elevation of symbols of hypermasculinity excludes both women and non gender conforming men By delving into these symbolic meanings that operate subliminally we can more effectively debunk beliefs that real men fall within narrow parameters of masculinity There remains much to explore in terms of hidden pressures for men to constrain their expression of emotions project an appearance of hardness and equate violence with power to name just a few persistent facets of toxic masculinity While abstract forms of inculcating hypermasculinity are difficult to identify interrogating their role in masculine performativity will result in a more comprehensive understanding of impediments to gender equality

*Infrastructural Brutalism* Michael Truscello,2020-09-01 How drowned town literature road movies energy landscape photography and death train narratives represent the brutality of industrial infrastructures In this book Michael Truscello looks at the industrial infrastructure not as an invisible system of connectivity and mobility that keeps capitalism humming in the background but as a manufactured miasma of despair toxicity and death Truscello terms this infrastructural brutality a formulation that not only alludes to the historical nexus of infrastructure and the concrete aesthetic of Brutalist architecture but also describes the ecological political and psychological brutality of industrial infrastructures
