**Memories and Musings of a Post-Postmodern Nomadic Mystic Madman** Jeffrey Charles Archer, 2015-08-07 Disillusioned with the official religion and institution artifice and constructs offered as reality author Jeffrey Charles Archer hit the road and discovered things are indeed not what they say Shapeshifters skinwalkers sasquatch fairies and other fantastic creatures and extraordinary experiences make up the true tellings of Memories and Musings of a Post Postmodern Nomadic Mystic Madman

The Postmodern Fantastic in Contemporary British Fiction Martin Horstkotte, 2004 This study looks at the complex relationship between postmodernism and the fantastic in contemporary British fiction and shows that a new type of the fantastic arises in postmodernism Arguing against interpretations that view postmodernism as inherently fantastic it seeks to define the postmodern fantastic as a narrative mode that is influenced by certain traits both of the traditional fantastic and of literary postmodernism but does not simply conflate both In the first theoretical part a number of theories of the fantastic and of postmodernism are used to set the fantastic apart from other non mimetic forms of literature and to create a model of the postmodern fantastic that postulates the totalisation of the fantastic in postmodernism In the second part of this study this model is applied to a number of contemporary British texts which are particularly susceptible to this form of the fantastic due to several characteristics such as their muted kind of postmodernism and their frequent construction of parallel worlds The analysis of these texts focuses on four thematic fields of the postmodern fantastic the figure of the other as defined by Bernhard Waldenfels time and history text and textuality and the development of the Todorovian pure fantastic Finally the question of the death of the fantastic in postmodernism is examined

**BOOK JACKET** *Vampire Legends in Contemporary American Culture* William Patrick Day, 2021-02-15 While vampire stories have been part of popular culture since the beginning of the nineteenth century it has been in recent decades that they have become a central part of American culture *Vampire Legends in Contemporary American Culture* looks at how vampire stories from Bram Stoker's *Dracula* to *Blacula* from Bela Lugosi's films to *Love at First Bite* have become part of our ongoing debate about what it means to be human William Patrick Day looks at how writers and filmmakers as diverse as Anne Rice and Andy Warhol present the vampire as an archetype of human identity as well as how many post modern vampire stories reflect our fear and attraction to stories of addiction and violence He argues that contemporary stories use the character of *Dracula* to explore modern values and that stories of vampire slayers such as the popular television series *Buffy the Vampire Slayer* integrate current feminist ideas and the image of the Vietnam veteran into a new heroic version of the vampire story

**BOOK JACKET**

**The legacy of John Polidori** Sam George, Bill Hughes, 2024-10-01 John Polidori's novella *The Vampyre* 1819 is perhaps the most influential horror story of all time Frayling Polidori's story transformed the shambling mindless monster of folklore into a sophisticated seductive aristocrat that stalked London society rather than being confined to the hinterlands of Eastern Europe Polidori's Lord Ruthven was thus the ancestor of the vampire as we know it This collection explores the genesis of Polidori's vampire It then tracks his bloodsucking progeny across the centuries and maps his disquieting legacy

Texts discussed range from the Romantic period including the fascinating and little known *The Black Vampyre* 1819 through the melodramatic vampire theatricals in the 1820s to contemporary vampire film paranormal romance and science fiction The essays emphasise the background of colonial revolution and racial oppression in the early nineteenth century and the cultural shifts of postmodernity

**Aggressive Fictions** Kathryn Hume, 2012-01-15 A frequent complaint against contemporary American fiction is that too often it puts off readers in ways they find difficult to fathom Books such as Bret Easton Ellis's American Psycho Katherine Dunn's Geek Love and Don DeLillo's Underworld seem determined to upset disgust or annoy their readers or to disorient them by shunning traditional plot patterns and character development Kathryn Hume calls such works aggressive fiction Why would authors risk alienating their readers and why should readers persevere Looking beyond the theory based justifications that critics often provide for such fiction Hume offers a commonsense guide for the average reader who wants to better understand and appreciate books that might otherwise seem difficult to enjoy In her reliable and sympathetic guide Hume considers roughly forty works of recent American fiction including books by William Burroughs Kathy Acker Chuck Palahniuk and Cormac McCarthy Hume gathers attacks on the reader into categories based on narrative structure and content Writers of some aggressive fictions may wish to frustrate easy interpretation or criticism Others may try to induce certain responses in readers Extreme content deployed as a tactic for distancing and alienating can actually produce a contradictory effect for readers who learn to relax and go with the flow the result may well be exhilaration rather than revulsion *Journal of Narrative Theory*, 2006 Cultural studies critical theory poststructuralism feminist theory new historicism
