

MUSSOLINI'S DECENNALIE

AURA AND
MYTHMAKING
IN FASCIST ITALY

ANTONIO MORENA

Mussolinis Decennale Mythmaking Fascist Toronto

Flavio A. Geisshuesler

Mussolinis Decennale Mythmaking Fascist Toronto:

Mussolini and the Eclipse of Italian Fascism R. J. B. Bosworth, 2021-04-27 An incisive account of how Mussolini pioneered populism in reaction to Hitler's rise and thereby reinforced his role as a model for later authoritarian leaders. On the tenth anniversary of his rise to power in 1932 Benito Mussolini 1883-1945 seemed to many the good dictator. He was the first totalitarian and the first fascist in modern Europe. But a year later Hitler's entrance onto the political stage signaled a German takeover of the fascist ideology. In this definitive account, eminent historian R. J. B. Bosworth charts Mussolini's leadership in reaction to Hitler. Bosworth shows how Italy's decline in ideological pre-eminence as well as in military and diplomatic power led Mussolini to pursue a more populist approach: angry and bellicose words at home, violent aggression abroad, and a more extreme emphasis on charisma. In his embittered efforts to bolster an increasingly hollow and ruthless regime, it was Mussolini rather than Hitler who offered the model for all subsequent authoritarians. [A Social History of Italian Fascism](#) Patrizia Dogliani, 2025-01-08 This book uncovers how fascism reshaped Italian society according to its ideological and historical interpretation of the Italian nation and people and identifies the strengths of this transformation but also the resistance encountered from, for example, women and minority groups to accept it in everyday life. It analyzes the success achieved by some policies aimed at popular masses in order to integrate them into the nation and how fascism initiated an early welfare state project to address specific categories of society such as veterans, families, mothers, and children. The book also questions the concept and practices of social citizenship reserved only for those who gave evidence of formal adherence to fascism. **Motorsport and Fascism** Paul Baxa, 2022-04-28 This book is the first English language study of motorsport and Italian Fascism, arguing that a synergy existed between motor racing and Fascism that did not exist with other sports. Motorsport was able to bring together the two dominant and often opposed cultural roots of Fascism: the Futurism of F. T. Marinetti and the Decadence associated with Gabriele D'Annunzio. The book traces this cultural convergence through a topical study of motorsport in the 1920s and 1930s, placing it in the context of the history of sport under Mussolini's regime. Chapters discuss the centrality of speed and death in Fascist culture, the attempt to transform Rome into a motorsport capital, the architectural and ideological function of the Monza and Tripoli autodromes, and two chapters on the importance of the Mille Miglia, a genuine Fascist artefact that became one of the most legendary motor races of all time.

[The Life and Work of Ernesto De Martino](#) Flavio A. Geisshuesler, 2021-08-09 In *The Life and Work of Ernesto de Martino*, Flavio A. Geisshuesler offers a comprehensive study of one of Italy's most colorful historians of religions. The book inserts de Martino's dramatic life trajectory within the intellectual climate and the socio-political context of his age in order to offer a fresh perspective on the evolution of the discipline of religious studies during the 20th century. Demonstrating that scholarship on religion was animated by moments of fear of the apocalypse, it brings de Martino's perspective into conversation with Mircea Eliade, Claude Lévi-Strauss, and

Clifford Geertz in order to recover an Italian approach that promises to redeem religious studies as a relevant and revitalizing field of research in the contemporary climate of crisis **Fascism in Europe and Beyond** Paul

Baxa, 2025-09-18 *Fascism in Europe and Beyond* examines fascism from its origins to the present. It begins in the fin de siècle era when the various ideas that eventually coalesced into fascism first emerged and concludes with the re-emergence of fascist ideas in recent times. Historiographical discussions, illustrations, biographical textboxes, and maps are interwoven into the text while a valuable collection of primary documents can be found at the end of the book to facilitate further study. Paul Baxa focuses primarily on European experiences in countries such as Germany, Italy, Hungary, Croatia, Romania, the UK, France, Belgium, Spain, and Portugal, but there is also significant coverage of imperial Japan and Cold War fascism in the shape of North American movements and leaders like Rockwell's American Nazi Party. Baxa even discusses The World Union of National Socialists and its attempt to build a universal fascist movement after the Second World War. The aims of the fascist movements, their social composition, and their actions are explored extensively in the book while an emphasis is placed on the cult of personality in driving fascism in its many manifestations. Baxa's underlying assertion that fascism is primarily a cultural movement, a political cult in fact that relies on charismatic leaders who have been able to articulate and project the fantasies and desires of their followers, provides a consistent position throughout one that both enriches and enlivens the text itself and that offers a useful jumping off point for classroom discussions **Mussolini's Decennale** Antonio

Morena, 2015-12-15 Positioning the 1932 anniversary celebrations as the crux of the fascist transition from conservatism to totalitarianism, Mussolini's Decennale broadens our understanding of fascist ideology, cultural politics, and Realpolitik.

Fascist Spectacle Simonetta Falasca-Zamponi, 2000-08-31 An excellent and timely book. The idea of studying Italian fascism as a society of the spectacle that used symbols, rituals, and a cult of the leader to create itself as it unfolded is a brilliant stroke. Walter L. Adamson, author of *Avant Garde Florence: From Modernism to Fascism* **Mussolini and Fascist Italy** Martin Blinkhorn, 1989

Enjoying the Track of Phrase: An Emotional Symphony within **Mussolinis Decennale Mythmaking Fascist Toronto**

In a global eaten by screens and the ceaseless chatter of immediate interaction, the melodic beauty and emotional symphony produced by the prepared term usually disappear into the backdrop, eclipsed by the persistent sound and disruptions that permeate our lives. Nevertheless, set within the pages of **Mussolinis Decennale Mythmaking Fascist Toronto** a charming fictional prize brimming with organic feelings, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, this interesting masterpiece conducts visitors on a mental trip, well unraveling the hidden melodies and profound influence resonating within each carefully crafted phrase. Within the depths of this poignant analysis, we shall examine the book is central harmonies, analyze their enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
