My Backyard Elephant:

ELEPHANT IN MY BACKYARD. SHOBHA. VISWANATH,2013 **An Elephant in My Backyard** Shobha

Viswanath,2013 Maya s family refuses to believe that she has an elephant in her backyard But the elephant is not hers and he needs to return home **My Backyard Elephant** Jason Derry,2015-06-16 Some kids grow up with cats or dogs but I grew

up with an elephant named Cara During nights when the trees sounded like they were whispering Cara would rumble really loud On those nights I would tiptoe through the hall tiptoe through the living room and tiptoe outside to see her My Backyard Elephant is a playful yet heartfelt story about an orphaned elephant finding a place to call home and the decisions a child must make when it becomes obvious that some animals are too big for backyards Inspired by the research of environmental communications doctoral candidate Jason Derry and with illustrations by Elise Gilchrist who spent two years studying elephant behavior in Thailand depictions of Cara are rooted firmly in current scientific understandings of elephant behavior and are designed with education in mind To reinforce the educational value of such a text a two page scientific literacy afterward expands on who elephants are in the wild 33% of all profits from the sale of this book will be donated to elephant causes worldwide **The Munda Folktales and Elephant Stories** Santosh Kiro,2022-01-22 Mundas are a group of tribes

spread across States in Central India supposedly the earliest settlers in this part of the country with a developed culture and civilization The Munda society abounds in rich folktales which until a few decades back used to be passed orally from one generation to another The present book is a collection of some Munda folktales The elephant stories are real and the author collected them living with the elephant chasers in deep forest villages **An Elephant in the Backyard** ,2004 Describes

how special elephants are in the village of Tha Kleng in Thailand and looks at the life of one particular young elephant named Wan Pen Sitting with Elephants Ronald E. Dulek,2026-01-15 When Ronald Dulek and his wife decide to shake up their

routine with an impulsive move to the South African bush they re plunged into a life of unexpected adventure From lions and leopards to zebras and baboons the wild surrounds their remote home but it s the elephants who become the soul of their story As the couple learns to live with nature s beauty and danger just beyond their doorstep Sitting with Elephants blends humor heart and humility in a reflection on the lessons the wild has to offer **In My Backyard** Al Look,1951

Elephants in the Hourglass Kim Frank,2025-01-07 A moving and adventure filled tale of one woman s quest for the truth about endangered Asian elephants and their evolving relationship with humans Delving deep into an intricate web of unlikely heroes power struggles and living legends Elephants in the Hourglass takes readers on an extraordinary journey of discovery In her non fiction debut Kim Frank blends personal narrative vivid descriptions and meticulous research as she illuminates the ways we seek to survive on our rapidly changing planet Like Jane Goodall or Dian Fossey before her Kim is a female explorer who found her life completely changed as she was drawn deeper and deeper into the plight of the remarkable Asian elephant For Kim once she learned about the intense multi faceted but little known conflict between

humans and elephants in North India she was unable to rest until she had learned more and told this story to the outside world This was a place and topic totally unknown to her Up until that point Kim was an ordinary mom and emerging writer After a fraught divorce she felt a need to recapture her own voice and expand her world and so she set out to the Himalaya with the goal of telling a story worthy of National Geographic What Kim experienced would change her life It is far from a black and white story where the good guys and bad guys are immediately obvious Not in this world of displaced habitats exploding population growth migration and climate change Filled with unforgettable characters and encounters with one of the most sensitive intelligent and awe inspiring creatures on the planet Elephants in the Hourglass will inspire readers to pursue their goals and be a force for change in unexpected places
