a new normal and enriching phase in a woman's life Dr Suzanne as her patients call her believes that the 27 million women entering menopause each year deserve thoughtful candid modern holistic information about the physical and psychological issues that arise in this transitional stage including changes in libido metabolism body image and fears over genetic age related illnesses She contends that menopause is a whole life condition and deserves a wide ranging approach that combines meditation yoga therapy herbal supplements along with the most up to date science and conventional medical solutions Packed with answers to common questions and helpful insights infused with Dr Suzanne's expert but warm and sometimes laugh out loud honesty Menopause Bootcamp is a welcome invitation to embrace and even celebrate this remarkable developmental phase in the lives of women It's a welcome reminder that life doesn't end at menopause it's the start of something new and wonderful
