He Could Not Contain Her: Kathleen

McCartan, 2014-09-23 First and foremost this book gives you a glimpse into one creative some say genius bipolar mind which I have had for a little over twelve years Beyond that using a Sacred Feminine Holy Spirit Breath and Wind of God perspective as well as an educational creative perspective and a Course in Miracles perspective I attempt to create a total world reversal of thought on all issues related to the world humans why were here and whats to come of us This book reverses so called normal human thinking about almost everything including what is life and what is death what the real story of Lucifer and Mary Magdalene John the Baptist and Jesus really is and what the actual laws of the universe really are whats actually normal and abnormal the answer will surprise you what humans are actually like as a species what the current state of our world actually is and what humans mean to Christ John the Baptist Christ Alter Ego Christ in reality and in the great scheme of things It will be no surprise that I determine that to save the world and yes it can be done love is the only question and love is the only answer The only problem is that most people on Earth arent really listening despite the fact that we live in an almost dead world mentally emotionally and spiritually The spiritual light of the world is very dim if its even shining at all anymore Humans must wake up now today This book is about starting a creative spiritual educational revolution in America and letting it spread throughout the whole world This book takes a forward looking approach to the future and gives readers a glimpse into upcoming events

Walking in a New Light Tessa Wright, 2013-02-20 Freedom is a choice And its our right Many of us live in free and democratic nations yet hold ourselves captive within the limited perception created by our beliefs Freedom is a divine gift from our creator but it is one that many are unable to embrace because of the limitations weve placed on the human experience Walking in a New Light details a spiritual journey toward a less restricted life Wisdom and insights revealed in the course of a genuine search provide the key to releasing mysteries previously hidden Th rough changes in perception come the much needed changes in reality This story which allows the reader to enter the unique and troubling circumstances of another through the mindful art of journaling provides lessons and opportunities to promote growth and understanding Here is proof that a willing heart that seeks healing and change for self first has the potential to
