Williams,2005 **Essential Breakthroughs: Conversations about Men, Mothers and Mothering** Fionna Joy Green,2015-11-01 Essential Breakthroughs Conversations About Men Mothers and Mothering thinks from the nexus of gender essentialism and care The authors creatively blend the philosophical and the personal to collectively argue that while gender is essential to our social and theoretical definitions of care it is dangerously co opted into naturalized discourses which limit particular identities and negate certain forms of care The perspectives curated in Essential Breakthroughs illuminate how care as a respected and productive cultural ethic is neither inherent nor instinctual for any human but is learned and fostered The chapters are informed by feminist queer and trans politics wielding post structuralist methodologies of unlearning and deconstruction while maintaining the maternal lens as a credible feminist analytical tool and not as a gender essentialist practice **The Utah Mama's Handbook** Rachael Herrscher,2006 **Gendering Bodies** Sara L. Crawley,Lara J. Foley,Constance L. Shehan,2008 Crawley Foley and Shehan demonstrate how gendered messages about bodies and the social world shape our physical bodies and social selves At work in sports and during sex gendered messages constantly organize our common everyday settings through a feedback loop of confirmations and disruptions in everyday talk and interaction **A Womb with a View** Laura Tropf,2013-01-09 Through history interviews anecdotes and popular culture this book examines pregnancy from all angles covering changing expectations for pregnancy new definitions of when fatherhood begins the implications of new earlier connections to the fetus and the political economic and social consequences to the public In the 21st century pregnancy is more than a biological event it s a cultural phenomenon **A Womb with a View** America s Growing Public Interest in Pregnancy addresses how media influence and changes in society have exposed and commoditized pregnancy like never before while technology has enabled us to share record and preserve all aspects of the pregnancy experience Each chapter of the book focuses on an aspect of the pregnancy experience including efforts to peer in and bond with the fetus the various ways of obtaining advice the evolving role of expectant fathers how pregnancy is depicted and treated in popular culture and branding and marketing to pregnant couples Interviews with those marketing products and services to pregnant women reveal how pregnancy is now big business while real life stories from pregnant women and images from television and film serve to illustrate our culture s fascination with pregnancy
