

1. Learning the letter sounds

In *Jolly Phonics* the 42 main sounds of English are taught, not just the alphabet. The sounds are in seven groups. Some sounds are written with two letters, such as *ee* and *or*. These are called digraphs. *oo* and *th* can each make two different sounds, as in *book* and *moon*, *that* and *three*. To distinguish between these two sounds, the digraph is represented in two forms. This is shown below.

1. s a t i p n
2. c k e h r m d
3. g o u l f b
4. ai j oa ie ee or
5. z w ng v oo oo
6. y x ch sh th th
7. qu ou oi ue er ar

Each sound has an action which helps children remember the letter(s) that represent it. As a child progresses you can point to the letters and see how quickly they can do the action and say the sound. One letter sound can be taught each day. As a child becomes more confident, the actions are no longer

needed. There is a list of all of the letter sounds and their corresponding actions on page 8 of this guide.

Children should learn each letter by the sound, not the name. For example, the letter *a* should be written as *a* not as *ay* or as *an* or *ah*. Similarly, the letter *e* should be written as *e* not as *ee*, *ay* or *eh*. When writing the letters, the names of each letter can follow later.

The letters have not been introduced in alphabetical order. The first group (s, a, t, i, p, n) are the first letters introduced because they make some simple words like *sun*, *in*, *up*, *pin*. The letters *e* and *ee* are introduced in different groups to avoid confusion.

Remember that some words that are easy to say are written in a different way. For example, the word *see* is written as *ee* and the word *thee* is written as *th*. Similarly, the word *there* is written as *er*. This is shown in the *Jolly Phonics Word Book*.
