Networks Rising Christopher Burns,2022-09-06 For the second time in human history we are on the verge of broad new breakthroughs in health productivity and personal freedom And many to many networks are the reason In business government and war information is no longer the privilege of a powerful few Now everyone knows what anyone knows and we are applying that diversity of experience and perspective to expand the frontiers of our lives We are starting to think together The age of hierarchical organizations has ended Social media networks online forums and guerilla broadcasting are connecting us in communities with fewer bureaucratic layers In swarms walkouts strikes and insurrections people are sharing experience directly in real time marching together into the public square and demanding a greater voice in the new democracy Networks Rising is the colorful story of unsung technology wizards waving us on of philosophers struggling to free us from the dictates of church and state and of sociologists futurists and even science fiction writers offering dozens of new schemes for living in a more connected world

**The Fraternal Monitor** ,1938      *Travis* Mia Sheridan,2023-10-26 From New York Times bestselling author Mia Sheridan comes the emotional follow up to Archer's Voice following Archer's troubled brother Travis. Perhaps Travis Hale's past is riddled with regrets but his future looks limitless. He's the police chief in idyllic Pelion Maine women are regularly falling at his feet and his family has mostly forgiven his mistakes. But when the new guy in town crosses him things start to look shaky especially when he meets the stranger's smoothie making birdseed eating sister Haven Torres's life fell apart. Or rather burned to the ground. At the time it seemed like a solid idea to jump in her car her brother a mostly willing co pilot and embark on a cross country adventure for the summer. Especially if she can catch the attention of Pelion's most eligible bachelor Gage Buchanan before she goes. And after the local police chief tells her of her brother's scandalous misdeed she knows without a doubt that Pelion is just another town where their stay is best short lived. Still she and Travis form an unlikely friendship and at first it seems simple enough. She'll help him make her brother sweat a little and he'll help her win over Gage. But then Haven starts to see the man beneath the brooding and Travis starts to see the woman beneath the mess. However Haven refuses to be tied to Pelion. And Travis has vowed never to be second best ever again. Before they know it simple has started to look pretty complicated. Why readers love Mia Sheridan.
