The Uber Story: Fraud, Betrayal, Death & Cars Kunal Kapoor, 2025-11-09 The Uber Story Fraud Betrayal Death Cars is a deep cinematic exploration of one of the most disruptive companies in modern history What began as a luxury car app became a multi billion dollar empire that redefined work transportation and trust But behind the sleek app interface lay a darker narrative one of corporate espionage legal warfare and human sacrifice Kunal Kapoor traces Uber s rise from its scrappy beginnings in Paris to its global dominance and eventual moral reckoning With vivid storytelling and sharp insight he examines how a startup that promised freedom became a symbol of modern capitalism s contradictions innovation without empathy convenience without conscience This isn t just a business book it s a story about people power and the price of progress Inside you ll discover The untold origins of Uber s billion dollar idea The scandals betrayals and internal chaos that defined its growth The death protests and human fallout behind the gig economy How Uber reshaped modern society and what its legacy means for the future Bold provocative and hauntingly relevant The Uber Story is not just about one company s journey it s about all of us and the world we built when we traded morality for movement
