from subsidizing the private sector to the poor get poorer funding policies Newfield clearly demonstrates how decisions made in government in the corporate world and at colleges themselves contribute to the dismantling of once great public higher education A powerful hopeful critique of the unnecessary death spiral of higher education The Great Mistake is essential reading for those who wonder why students have been paying more to get less and for everyone who cares about the role the higher education system plays in improving the lives of average Americans **Shortchanged** Annie Abrams,2023-04-25
