Costco Act Practice Tricks:

Anthropologies of Class James G. Carrier, Don Kalb, 2015-02-05 Rising social political and economic inequality in many countries and rising protest against it has seen the restoration of the concept of class to a prominent place in contemporary anthropological debates. A timely intervention in these discussions, this book explores the concept of class and its importance for understanding the key sources of that inequality and of people's attempts to deal with it. Highly topical, it situates class within the context of the current economic crisis, integrating elements from today into the discussion of an earlier agenda. Using cases from North and South America, Western Europe and South Asia, it shows the sometimes surprising forms that class can take as well as the various effects it has on people's lives and societies. **Current Law Index**, 2003

Combatting Modern Slavery Genevieve LeBaron, 2020-08-04 Over the last decade, the world's largest corporations from The Coca-Cola Company to Amazon, Apple to Unilever have taken up the cause of combatting modern slavery. Yet by most measures across many sectors and regions, severe labour exploitation continues to soar. Corporate social responsibility is not working. Why? In this landmark book, Genevieve LeBaron lifts the lid on a labour governance regime that is severely flawed and limited. She takes a close-up look at the millions of corporate dollars spent on anti-slavery networks, NGO partnerships, lobbying for new transparency legislation and investment in social auditing and ethical certification schemes to show how such efforts serve to bolster corporate growth and legitimacy as well as government reputations whilst failing to protect the world's most vulnerable workers. To eradicate modern slavery and human trafficking in global supply chains, a new approach is needed, one that confronts corporate power and profits, dismantles exploitative business models and regulates the booming private industry of accounting firms, social auditors and consultants that has emerged to monitor and enforce labour standards. Only worker-driven initiatives that uphold fundamental rights can protect workers in the contemporary global economy and make forced labour a thing of the past. **Chambers USA**, 2005 International Abstracts of Human Resources, 2006 I Am Her Cassandra Cillitto, 2020-10-06 She is just trying to navigate everyday life in her hometown. Though she has been all over the world, she always comes back to the place that pays no attention to her. During one of her work trips, she stumbles on a little more than she can handle. She inserts herself with a group of Marines and finds herself falling in love. Can she even do this? She could never involve Eric in her work. Would he still love her if he knew? She struggles to find herself as she grows into this new role as a girlfriend. How honest do you really have to be with the one you love? **Produce News**, 2004
