## **Fall Clearance Update Clearance:**

DoD Personnel Clearances: Additional OMB Actions Are Needed to Improve the Security Clearance Process ,2006 Our independent analysis of timeliness data showed that industry personnel contracted to work for the federal government waited more than one year on average to receive top secret clearances longer than OPM produced statistics would suggest Our analysis of 2 259 cases for industry personnel who were granted top secret clearance eligibility in January and February 2006 had an average of 446 days for an initial clearance and 545 days for a clearance update While OMB has issued a goal that the application submission phase of the clearance process will take no longer than 14 days by December 17 2006 this phase took an average of 111 days OPM s current procedures for measuring application submission timeliness do not fully capture all of the time in the application process that starts when the application form is submitted by the facility security officer to the federal government Inaccurate data that the employee provided in the application multiple reviews of the application and manual entry of some application forms are some of the causes for the extended application submission phase In addition our analyses showed that OPM took an average of 286 days to complete the initial investigations for top secret clearances well in excess of the 180 day goal no goal is given for clearance update investigations specified in the government wide plan for improving the clearance process Factors contributing to the slowness of completing the investigation phase include an inexperienced investigative workforce that has not reached its full performance level and problems accessing national state and local records

### **Economics of Crime and Enforcement**

Anthony M. Yezer,2025-06-12 Assuming only a previous course in basic microeconomics Economics of Crime and Enforcement is an innovative book which is strongly linked to the new theoretical and empirical journal literature Showing the power of microeconomics in action Yezer covers a wide array of topics including benefit cost and the imprisonment decision enforcement games juvenile crime private enforcement economics of three strikes law broken windows strategies police profiling crime in developing countries as well as guns drugs and capital punishment This second edition has been fully updated to reflect the latest developments in the field and features new chapters on behavioral economics and crime and crime and large cities Problem questions provided at the end of each chapter allow students to reinforce their microeconomics skills and gain insight into the way they can be applied to case and application examples Teaching resources including PowerPoint slides and answers to problem questions provide further support for instructors delivering courses on the economics of crime in a variety of settings
