Poynter, 2012 *New Theories of the Multinational Enterprise (RLE International Business)* Alan Rugman, 2013-04-02 This book brings together the work of noted authorities in the field of multinational enterprises who explain and debate the merits of internalization theory as the new general theory of the multinational enterprise Alternatives to internalization such as licensing joint ventures and other contractual arrangements are also evaluated There are many applications to actual businesses such as in the hotel fish food and banking industries Also considered are regional office location and applications of the theory to Canada Japan the former Yugoslavia the UK and USA *Multinational Corporations and the Third World (RLE International Business)* Chris J. Dixon, David Drakakis-Smith, H. Doug Watts, 2012-11-26 This book is a comprehensive study of the role of multinational corporations in the economies of the Third World It begins by providing a comprehensive

overview of the activities of multinational corporations and the main areas of research and debate It goes on to discuss specific sociological developmental and material effects on Third World countries resulting from involvement with multinational corporations It includes case studies detailing the mid twentieth century history and probable effects of specific multinational corporations involvement in Third World countries Multinationals and Economic Development (RLE International Business) James C. W. Ahlkapor, 2014-03-07 What are the options open to policy makers in developing countries when dealing with multinationals How can they maximize the contribution of multinational enterprises towards their economic growth Multinationals dominate world trade and direct investment However less developed countries have often regarded this power as detrimental to their fragile growing economies and have pursued a policy of regulation Modern economic theories of multinationals need to evaluate the effects of such policies By integrating theories of multinational enterprise and of development economics the author presents a critical analysis of the various competing policy options and their consequences Using empirical evidence from Asia Africa and Latin America and covering such areas as imports exports resource utilization and new technology the author maintains that a classical neutralist policy towards MNCs would be the most effective way of stimulating growing economies *Multinationals and Europe 1992 (RLE International Business)* Beat Burgenmeier, Jean-Louis Mucchielli, 2013-01-25 When it was originally published this book presented the first independent review of the critical role played by multinationals in Europe Extending its focus beyond 1992 the book examines both the economic and business strategy frameworks the firms need to develop to maintain a competitive advantage Using case studies from specific industries it looks not only at the activity of multinationals within the single market but explores the competitive strategies of non European firms with special emphasis on Japanese companies which were poised to exploit 1992 The importance of interaction between multinationals and national government policies is also analysed taking into account the integration already achieved **The Corporate Firm in a Changing World Economy (RLE International Business)** Marc de Smidt, Egbert Wever, 2014-06-09 This book examines the economic environment and phenomena of multinational business with reference to case studies of major multinational companies including IBM Philips Nissan and Volvo It assesses how the major theories explaining the response of companies to changes are borne out by the experience of individual firms **Multinationals and the Restructuring of the World Economy (RLE International Business)** Michael Taylor, Nigel Thrift, 2013-03-12 This volume charts the ways in which multinational corporations contributed to the restructuring of the world economy paying particular attention to the spatial consequences of and responses to their operations at a number of scales The book takes as its theme the differential spatial outcomes of the restructuring of different types of multinational corporation Microtimes , 1995-06 *The British National Bibliography* Arthur James Wells, 1993 Newsletters in Print , 2002 **The Middle East, Abstracts and Index** , 2007 *States and Firms* Razeen Sally, 2013-08-21 *States and Firms* is a study in the political economy of the multinational enterprise It looks at the

internationalisation in the 1980s of the twelve leading French and German owned multinational enterprises in chemicals and electronics who form part of a European Challenge in international competition in technology intensive sectors The book examines how and why the internationalisation of these MNEs has interacted with their embeddedness in the domestic structures of their home countries France and Germany particularly in terms of their power relationships with home governments and financial institutions The primary themes are the MNEs roles as political actors domestic government policy vis a vis the MNEs MNEs financial relationships with banks in France and Germany MNE political activity at the level of the European Union especially evident in technology policy The primary contribution of this book is an inclusion of a firm level approach to put the spotlight on fundamental questions of political economy and international business *Knowledge Flows, Governance and the Multinational Enterprise* V. Mahnke,T. Pedersen,2003-12-18 This book contributes to the understanding of Knowledge Governance in the Multinational Corporation Intra firm and inter firm processes of knowledge creation sharing and exploitation have attracted increasingly managerial and scholarly interest However the relation between particular knowledge processes determinants of organizational choices governance mechanisms their relevant costs and benefits and associated strategic advantages remain less well understood To address these challenges this book gives answers to the following questions What are key challenges of governing knowledge in the multinational corporation How do contingencies influence relevant trade offs How do sets of governance mechanisms respond to problems of cognition and incentives *The Global Challenge for Multinational Enterprises* Peter J. Buckley,Pervez N. Ghauri,1999 Governments and multinational firms have moved from a situation of conflict to one where government policies were seen as a constraint on the activities of MNE s This book examines the relationship between multinational firms and emerging markets a relationship which changed profoundly in the period from the 1950 s to the late 1990 s State-Owned Multinationals Alvaro Cuervo-Cazurra,2017-11-06 This book provides a deep understanding of state owned multinationals SOMNCs and their role in global business SOMNCs have emerged as a force to contend with in global competition and their study connects several fields such as economics political economy international business and global strategy This prestigious collection of articles presents insights into the interaction between government ownership and internationalization and aims to provoke new research approaches and insights on the topic The book includes some of the key contributions to our understanding of these firms and new commentaries explaining how to analyze them This book is essential reading for academics and consultants looking to gain a clearer understanding of SOMNCs and how to research them **Multinational Enterprise and Public Policy** A. E. Safarian,1993-01-01 This book should be recommended to all students of international economic policy and international business It contains a clear and comprehensive conceptualisation of public policy on MNE allowing the classification and evaluation of country policies The author supplies a vast amount of institutional policy details and economic data which are interesting in their own right Thorsten Posselt Kyklos
