Munich Art Hoard Catherine Hickley:

The Munich Art Hoard Catherine Hickley, 2015 In February 2012 in a Munich flat belonging to the elderly recluse Cornelius Gurlitt German customs authorities seized an astonishing hoard of more than 1 200 paintings drawings and prints When Hildebrand Gurlitt's trove became public in November 2013 it caused a worldwide media sensation Catherine Hickley has delved into archives and conducted dozens of interviews to uncover the story behind the headlines Her book illuminates a dark period of German history untangling a web of deceit and silence that has prevented the heirs of Jewish collectors from recovering art stolen from their families more than seven decades ago by the Nazis Hickley recounts the shady history of the Gurlitt hoard and brings its story right up to date as 21st century politicians and lawyers puzzle over the inadequacies of a legal framework that to this day falls short in securing justice for the heirs of those robbed by the Nazis Hickley is the world's leading journalist in the field of Nazi looted art and a former arts and culture reporter for Bloomberg News *Plunder and Survival* Suzanne Loeb, Abigail Wilentz, 2025-10-16 The complex and riveting stories of art uprooted during World War II and recovered through the efforts of a host of colorful courageous and dedicated champions [Hitler's Last Hostages](#) Mary M. Lane, 2019-09-10 Adolf Hitler's obsession with art not only fueled his vision of a purified Nazi state it was the core of his fascist ideology Its aftermath lives on to this day Nazism ascended by brute force and by cultural tyranny Weimar Germany was a society in turmoil and Hitler's rise was achieved not only by harnessing the military but also by restricting artistic expression Hitler an artist himself promised the dejected citizens of postwar Germany a purified Reich purged of degenerate influences When Hitler came to power in 1933 he removed so called degenerate art from German society and promoted artists whom he considered the embodiment of the Aryan ideal Artists who had produced challenging and provocative work fled the country Curators and art dealers organized their stock Thousands of great artworks disappeared and only a fraction of them were rediscovered after World War II In 2013 the German government confiscated roughly 1 300 works by Henri Matisse George Grosz Claude Monet and other masters from the apartment of Cornelius Gurlitt the reclusive son of one of Hitler's primary art dealers For two years the government kept the discovery a secret In *Hitler's Last Hostages* Mary M Lane reveals the fate of those works and tells the definitive story of art in the Third Reich and Germany's ongoing struggle to right the wrongs of the past **Propaganda and Conflict** Mark Connelly, Jo Fox, Stefan Goebel, Ulf Schmidt, 2020-11-26 Propaganda has always played a key role in shaping attitudes during periods of conflict and the academic study of propaganda commencing in earnest in 1915 has never really left us We continue to want to understand propaganda's inner workings and in doing so to control and confine its influence We remain anxious about pernicious information warfare campaigns especially those that seemingly endanger liberal democracy or freedom of thought What are the challenges then of studying propaganda studies in the twenty first century Much scholarship remains locked into the study of state led campaigns however an area of special concern in recent years has been the loss of official control over the basic instruments

of mass communication This has been seen in the rise of fake news and the ability of non state actors to influence political events This volume presents the latest research in propaganda studies featuring contributions from a range of leading scholars and covering the most cutting edge scholarship in the study of propaganda from World War I to the present Jacket
