**Musical Creativities in Practice** Pamela Burnard, 2012-03-22 This book explores the social and the cultural contexts in which creativity in music occurs It considers what constitutes creativity taking a cross cultural view of music and investigating creative processes far beyond just the classical music genre including electronic media popular music and improvised music

**Musical Creativity** Oscar Odena, 2012 This volume offers new research on musical creativity by experts from the fields of music education music psychology and music therapy Contributions focus on the composition improvisation process considering its conceptualization and practices in a number of contexts and draw examples from primary and secondary schools studio conservatoire and university settings as well as specialist music schools and music therapy sessions

*Understanding Creativity* Jane Piirto, 2004 In this highly readable yet comprehensive book parents and teachers will find many suggestions for enhancing creativity Understanding Creativity offers advice on how to plan adventures value work without evaluation set a creative tone and incorporate creativity values into one's own family or classroom culture Readers will learn how to spot talent through a child's behaviors and how to encourage practice Real life examples of artists musicians dancers entrepreneurs architects and authors are included

*The Nature of Inspiration in Artistic Creativity* Mark David Garberich, 2008 Inspiration is a recurrent theme in artistic creativity throughout history and across creative domains but has declined dramatically in use among researchers and psychologists since the late 19th century However it continues to remain in common use among professionals in the creative arts This paper examines the dichotomy between intellectual inquiry and personal accounts of the creative experience within the artistic professions and develops a philosophical argument for reconsideration of the definition and use of the term Part of the argument rests on the claim of uniqueness of the creative experience in the arts in the areas of the creative personality creative environment creative process and creative product Upon the basis of observable characteristics of inspiration as an experience the author offers a broadened definition of inspiration and makes specific and practical recommendations for music education instruction in the area of creativity and music composition
