Historical Dictionary of Modern Italy Mark

Gilbert, Robert K. Nilsson, 2007-09-19 Italy is a country that exercises a hold on the imagination of people all over the world. Its long history has left an inexhaustible treasure chest of cultural achievement. The historic cities of Rome, Florence and Venice are among the most sought after destinations in the world for tourists and art lovers and Italy's natural beauty and cuisine are rightly renowned. Italy's history and politics are also a source of endless fascination. Modern Italy has consistently been a political laboratory for the rest of Europe. In the 19th century Italian patriotism was of crucial importance in the struggle against the absolute governments reintroduced after the Congress of Vienna 1814-15. After the fall of Fascism during World War II Italy became a model of rapid economic development though its politics has never been less than contentious and its democracy has remained a troubled one. The second edition of *Historical Dictionary of Modern Italy* is an attempt to introduce the key personalities, events, social developments and cultural achievements of Italy since the beginning of the 19th century when Italy first began to emerge as something more than a geographical entity and national feeling began to grow. This is done through a chronology, a list of acronyms and abbreviations, an introductory essay, a map, a bibliography and some 400 cross-referenced dictionary entries on prominent individuals, basic institutions, crucial events, history, politics, economics, society and culture.

Hitler and His Generals Adolf Hitler, 2003 The only complete edition in any language of all the known stenographic conferences. These are the first verbatim records in history of military planning at the highest level.

War Aims in the Second World War Victor Rothwell, 2005 This introduction to the war aims of the key belligerents in World War II including Germany, Britain, France, Italy, the Soviet Union, Japan and the USA covers issues such as ideological aims, territorial expansion, national liberation or unification, commercial and colonial gain.
