Scripture in the Search for the Doctrine of God, 2025-10-13 Scripture and the Search for the Christian Doctrine of God examines the dynamic exegetical traditions that shaped the fourth century Trinitarian controversies and how these legacies of biblical reading have influenced both evaluations of the fourth century and subsequent use of patristic materials by scholars and theologians Part I Legacies focuses on pre Nicene reading practices with an eye towards how they were received in the fourth century and beyond Part II Traditions investigates how fourth and fifth century theologians received and inherited pre Nicene traditions of biblical reading Part III Receptions

highlights the way that patristic exegesis has been received in a variety of post patristic contexts including Medieval Chinese Christianity early Renaissance Humanism and Contemporary Evangelicalism The result is a greater appreciation of the deeply biblical character of the early Christian search for the doctrine of God **My Sacramental Journey**, 2016 *My Baptism Memory Book* Beth B. Arenenberg Blanchard Jerrold, 1874 *Reading from the Underside of Selfhood* Lisa E. Dahill, 2009-01-01 Dietrich Bonhoeffer's example of self sacrificing discipleship has for over fifty years inspired Christians around the world in both their resistance to evil and their devotion to Jesus Christ Yet for some readers particularly those who suffer trauma abuse and other forms of violence Bonhoeffer's insistence on self sacrifice on becoming a person for others may prove more harmful than liberating For those already socialized into self abnegation uncritical applications of Bonhoeffer's teachings may reinforce submission rather than resistance to evil This study explores Bonhoeffer's understandings of selfhood and spiritual formation both in his own experience and writings and in light of the role of gender in psycho spiritual development The central constructive chapter creates a mediated conversation between Bonhoeffer and these feminist psychologists on the spiritual formation of survivors of trauma and abuse including not only dimensions of his thinking to be critiqued from this perspective but also important resources he contributes toward a truly liberating Christian spirituality for those on the underside of selfhood The book concludes with suggestions regarding the broader relevance of this study and implications for ministry The insights for spiritual formation developed here provide powerful proof of Bonhoeffer's continuing and concretely contextualized relevance for readers across the full spectrum of human selfhood

the sun she is the moon might be interpreted as a hierarchy of dominance and subordination At the time it was used however sun and moon reflected the different but equal status of husband and wife Wunder shows how the history of women and the history of gender relations can provide crucial insights into how societies organize themselves and provide resources for political action She observes actual circumstances as well as the normative rules that were supposed to guide women s lives We learn what skills were necessary to take charge of households what people ate how they furnished their homes what birth control measures were available what role women played in peasant protest Wunder finds that in addition to the history of losses and setbacks for women observed by so many current interpreters there is a history of gains as well The regency of noble women was normal as was the shared responsibility of wife and husband in a peasant household an artisan s workshop or a merchant s business Using sources as diverse as memoirs wedding and funeral sermons novels and chronicles and including a wealth of demographic information Wunder reveals a surprising new image of early modern women and provides a richer interpretation of early modern Europe Remembrance of My Baptism Victor Hoagland, C.P.,2005-01-01
