Contemporary Logistics in China 2025 Zhilun Jiao,Xiaofan Wu,Jianhua Xiao,Binglian Liu,Na Li,Yu Gong,2025-08-13 This annual report aims to present a timely portrait of the rapid growth of China's logistics market and the status quo of its logistics industry. It provides an in-depth analysis of critical issues involved in the ongoing dynamic and multi-faceted development and serves as a valuable reference resource for interested readers in the academic and professional fields. The book starts with an in-depth overview of the achievements and prospects of China's logistics development in the ten years of the Belt and Road Initiative and then covers macro factors related to logistics technologies and facilities, region-specific policies and plans, industry-wide transformation in transport, manufacturing, commerce and agriculture. The book also addresses the current state and challenges of logistics digitization in China and trends from the aspects of continuous promotion, upstream and downstream industry collaboration, intelligent transportation infrastructure, application of logistics big models and government support. Furthermore, the book offers insights into the development and future prospects of China's cross-border e-commerce logistics. The translation was done with the help of artificial intelligence. A subsequent human revision was done primarily in terms of content.

Identity-Based Brand Management Christoph Burmann,Nicola-Maria Riley,Tilo Halaszovich,Michael Schade,Kristina Klein,Rico Piehler,2025-07-15 This textbook provides a comprehensive overview of identity-based brand management based on current research. The authors focus on the design of the brand identity which covers the internal perspective of brand management and the resulting external brand image perceived by consumers and other audiences. The book covers topics such as brand positioning, the design of the brand architecture and brand elements, the management of brand touchpoints and the customer journey as well as multi-sensory brand management and brand management in a digital environment. Further topics covered are international brand management, brand management in the retail sector, in social media and on digital brand platforms, electronic marketplaces. Numerous practical examples illustrate the applicability of the concept of identity-based brand management. The authors show that this concept is a valuable management model to make brands successful. In the 3rd edition, all chapters were fundamentally revised and latest research findings were integrated. A new section on corporate social responsibility due to the increasing importance of brands' societal and environmental responsibilities and up-to-date practical examples were added. Additional material is available via an app. Download the Springer Nature Flashcards App and use exclusive content to test your knowledge.
