Industry 4.0 and Circular Economy Antonis Mavropoulos, Anders Waage Nilsen, 2020-08-17 How the marriage of Industry 4.0 and the Circular Economy can radically transform waste management and our world Do we really have to make a choice between a wasteless and nonproductive world or a wasteful and ultimately self destructive one Futurist and world renowned waste management scientist Antonis Mavropoulos and sustainable business developer and digital strategist Anders Nilsen respond with a ringing and optimistic No They explore the Earth changing potential of a happy and wasteless marriage

between Industry 4.0 and a Circular Economy that could with properly reshaped waste management practices deliver transformative environmental health and societal benefits. This book is about the possibility of a brand new world and the challenges to achieve it. The fourth industrial revolution has given us innovations including robotics, artificial intelligence, 3D printing and biotech. By using these technologies to advance the Circular Economy where industry produces more durable materials and runs on its own byproducts, the waste management industry will become a central element of a more sustainable world and can ensure its own but well beyond business as usual future. Mavropoulos and Nilsen look at how this can be achieved. A wasteless world will require more waste management and examine obstacles and opportunities such as demographics, urbanization, global warming and the environmental strain caused by the rise of the global middle class. Explore the new prevention, reduction and elimination methods transforming waste management. Comprehend and capitalize on the business implications for the sector. Understand the theory via practical examples and case studies. Appreciate the social benefits of the new approach. Waste management has always been vital for the protection of health and the environment. Now it can become a crucial role model in showing how Industry 4.0 and the Circular Economy can converge to ensure flourishing, sustainable and much brighter future.

Social Media Christian Fuchs, 2024-11-01. You will never look at social media the same way again. Social media are an integral part of contemporary society. From news, warfare, politics, advertising, consumption, entertainment, friendships, labour and economy to friendships, leisure, language and everyday life, they have changed the way we communicate, use information and understand the world. Social media shape and are shaped by contemporary society. In order to understand contemporary society, we have to ask critical questions about social media. This book is the ultimate guide for digging deeper into issues of ownership, power, class and justice. This book equips you with a critical understanding of the complexities and contradictions at the heart of social media's relationship with society. The Fourth Edition contains new chapters and has updated and revised versions of other chapters. The book includes a new chapter on TikTok in the context of global capitalism and the geopolitical conflict between China and the USA. It explores new topics such as information and social media warfare in the context of Russia's invasion of Ukraine, the implications of Elon Musk's acquisition of Twitter for democracy and the public sphere, the prospects of Twitter, alternative Mastodon, digital fascism, influencers and the attention economy on TikTok, digital capitalism, the role of big data in digital capitalism, The Public Service Media and Public Service Internet Manifesto, social media's digital alienation and Putinism, and information warfare. It explores populism, racism, nationalism, militant patriarchy in a chapter on right wing authoritarianism on social media that includes two case studies of Donald Trump and Putinism. It analyses the phenomenon of social media influencers in the age of TikTok, Instagram, YouTube and Snapchat. It explains in an updated chapter what digital capitalism is and what role big data plays in it. It explores the growing prominence of platforms and platform capitalism. It analyses fake news, misinformation and surveillance capitalism in the context of Facebook, WhatsApp, Cambridge Analytica and the Internet.

Research Agency It shows why Google is simultaneously the Internet's God and Satan It discusses digital democracy and the digital public sphere in the context of Twitter It challenges you to envision and achieve a truly social media that serves the purposes of a just and fair world It introduces platform co operatives and the Public Service Internet There are winners and losers in the age of digital capitalism This book is an essential guide for anyone who wants to critically understand how we got to digital capitalism and capitalist social media what we can do about it and what a democratic public sphere looks like
