After covering registration, file creation, and other basics, Google Drive and Docs In 30 Minutes 2nd Edition zeroes in on the most important time saving tips and productivity tools. Highlights include: Converting files between Microsoft Office and Google formats, Best practices for organizing files in Google Drive, What to expect with collaboration and sharing, The pros and cons of Google's mobile apps for Drive, Docs, Sheets, and Slides, Accessing older versions of files, How to publish your documents to the Web for colleagues or members of the public to view, Functions, sorting and filtering in Google Sheets with examples, Using Google Forms to gather data, Google Slides: Is it a suitable alternative to Microsoft PowerPoint, Working with offline files, Downloading third party apps. The guide can be used by anyone with a PC, Mac, or Chromebook. It also includes instructions for using Drive, Docs, Sheets, and Slides on Android and iOS phones and tablets. Google Drive and Docs In 30 Minutes 2nd Edition is authored by Ian Lamont, an award winning technology and business journalist. He has written several books in the In 30 Minutes series, including: Dropbox In 30 Minutes, Twitter In 30 Minutes, and Excel Basics In 30 Minutes. Here's what readers are saying about Google Drive Docs In 30 Minutes: I am so glad this was made. I've been using Google Docs for a while now and have been encouraging my teacher colleagues to do so as well to facilitate collaboration. It has become my go to text book to help new users understand quickly. If you're new to Google Drive or Google Documents, this will help you. If you're experienced and want something to help those who come to you with questions, this is a nice tool to help them remember what you show them. I highly recommend it. I just got a new position that requires record keeping. Having used Google Docs in the past, I decided to update my knowledge. I googled Docs for dummies and this was one of the results. I liked the concept that the title implies: a concise guide that will distill what I need and allow me to complete a task quickly. A clear and concise explanation of how to navigate your way through Google Docs. Excellent introduction to Google Drive. Well researched, easy to read, nicely organized.

Its representation is so overridden with conflicting claims and associations that it remains inaccessible even to Palestinians. Producing Palestine addresses the creative labour of producing Palestine, particularly in technological and media spaces that are defined by their porousness and by their intermediality, crossing genres of popular culture and disciplinary boundaries. It offers sixteen cases which collectively conceptualize, engage in, and invite readers to participate in the production of Palestine and its theorization. These cases cover a wide array of spaces of production such as poster art, TikTok, virtual technologies, digital mapping, drone footage, online cooking shows, documentaries, music videos, and many more. Producing Palestine contends that representations of Palestine carry a multitude of meanings that Palestine is continually produced and reproduced, dynamically generating new knowledge production across media languages, temporalities, geographies, and disciplines.
