**The Political Economy and Feasibility of Bitcoin and Cryptocurrencies** Pack, Spencer J., 2022-05-13 In The Political Economy and Feasibility of Bitcoin and Cryptocurrencies Spencer J Pack brings his authority as a scholar and advisor to this study of bitcoin and cryptocurrencies from the perspective of the history of economic thought Major theorists analyzed in depth include Aristotle Smith Law Marx Keynes Rothbard and Hayek and the book draws extensively upon the ideas of Schumpeter Galbraith and Sraffa The book argues for reconceptualization of the basic microeconomic categories into rental sale and financial asset prices along with a reconsideration of Keynes general theory to his special theory and Rothbard s relationship to Rousseau The author posits that intense theoretical and practical struggles will continue over who should control the quantity of money the cause of the capitalist economy s instability and who or what is more dangerous concentrated centers of private wealth and private enterprises or the contemporary state He concludes that in terms of the quality of money the cryptocurrency community is probably correct with new forms of money potentially being better than sovereign fiat currency The book s relevance will appeal to members of the history of economic thought community economic theorists and political science and political theory scholars as well as to policy makers and members of the cryptocurrency community

**The Voltage Effect** John A List, 2022-02-03 By far the best book I ve ever read on the how and why of scaling If you care about changing the world or just want to make better decisions in your own life The Voltage Effect is for you Angela Duckworth CEO of Character Lab and New York Times bestselling author of Grit \_\_\_\_\_ Why do some ideas make it big while others fail to take off According to award winning behavioural economist John List the answer comes down to a single question Can the idea scale Countless enterprises fall apart the moment they scale their positive results fizzle they lose valuable time and money and the great electric charge of potential that drove them early on disappears In short they

suffer a voltage drop Yet success and failure are not about luck in fact there is a rhyme and reason as to why some ideas fail and why some make it big Certain ideas are predictably scalable while others are predictably destined for disaster In The Voltage Effect University of Chicago economist John A List explains how to identify the ideas that will be successful when scaled and how to avoid those that won't Drawing on his own original research as well as fascinating examples from the realms of business government education and public health he details the five signature elements that cause voltage drops and unpacks the four proven techniques for increasing positive results or voltage gains and scaling great ideas to their fullest potential By understanding the science of scaling we can drive change in our schools workplaces communities and society at large Because a better world can only be built at scale \_\_\_\_\_ One of the best economics books I have ever read and an instant classic in behavioral economics Cass R Sunstein Robert Walmsley University Professor Harvard University and New York Times bestselling co author of Nudge Thought provoking and engaging A must read Daron Acemoglu Institute Professor at MIT and co author of Why Nations Fail and The Narrow Corridor Act Like an Author, Think Like a Business Joylynn M. Ross, 2020-11-24 There's literary success and there's financial literary success and you can have them both Do you want to make money with your book Do you want to make a living as an author There's more to doing so than simply writing and publishing your book Many authors dive into the literary industry without taking time to learn the business side of being an author This could dramatically hinder your book sales and the money you can make as an author Without a guide such as this mastering the art of financial literary success can take you years and you'll be sure to make mistakes during the learning phase Some mistakes could cost you money other mistakes will keep you from making money This tool will allow you to avoid those mistakes altogether as well as Shorten your learning curve on how to make money as an author Start making money with your book and literary business now Provide tips to maximize and monetize your role as an author Think outside the book to make money other ways than book sales This book will not only put you on the path of monetary opportunities but by following the author's systems and strategies you can fund your literary success To understand the difference between literary success and financial literary success crack open this remarkable book You'll also crack the code to discovering what it feels like to achieve your literary dreams visions and goals The Platform Economy and the Smart City Austin Zwick, Zachary Spicer, 2021-09-22 Over the past decade cities have come into closer contact and conflict with new technologies From reactive policymaking in response to platform economy firms to proactive policymaking in an effort to develop into smart cities urban governance is transforming at an unprecedented speed and scale Innovative technologies promise a brave new world of convenience and cost effectiveness powered by cameras that monitor our movements sensors that line our streets and algorithms that determine our resource allocation but at what cost Exploring the relationship between technology and cities this book brings together an outstanding group of authors in the field to provide a critical and necessary examination of the disruption that is under way They look at how cities should understand and regulate novel

technologies what can be learned from proposed and failed smart city projects and how innovative economies change the structure of cities themselves Contributors dig deeply into these and similar subjects contributing their voices to an important dialogue on the future of urban policy and governance The first collection of its kind this groundbreaking volume brings together social economic and cultural insights to enhance our understanding of the ongoing technological upheaval in cities around the world      *The Unofficial Guide to Walt Disney World 2020* Bob Sehlinger, Len Testa, 2019-08-13 THE trusted source of information for a successful Walt Disney World vacation The best selling independent guide to Walt Disney World has everything you need to plan your family s trip hassle free Whether you are planning your annual vacation to Walt Disney World or preparing for your first visit ever this book gives you the insider scoop on hotels restaurants and attractions The Unofficial Guide to Walt Disney World 2020 explains how Walt Disney World works and how to use that knowledge to make every minute and every dollar of your vacation count With an Unofficial Guide in hand and with authors Bob Sehlinger and Len Testa as guides find out what s available in every category from best to worst and get step by step detailed plans to help make the most of your time at Walt Disney World      *Nothing But Net: 10 Timeless Stock-Picking Lessons from One of Wall Street's Top Tech Analysts* Mark Mahaney, 2021-11-09 Find the winners avoid the losers and build a solid Tech portfolio for the long run with proven methods from legendary analyst Mark Mahaney The Tech industry is the stock market s hottest most profitable sector but it can be a roller coaster ride Companies with great ideas can end up going nowhere and some that dominate today will be sold at fire sale prices in five years Sure things can become sore things very rapidly Nothing But Net provides the knowledge and insights you need to understand what s really hot to know what s not and to outperform other investors consistently and decisively Famous for his smart savvy and unique approach to Tech stock investing Mark Mahaney provides his 10 proven rules for succeeding as a long term Tech stock investor explaining everything he s learned during almost 25 years of analyzing internet stocks including Why revenue growth and customer metrics not earnings are what matter most to Tech investors How to invest not trade in the great growth opportunities that lie ahead How to determine when high valuations are a warning sign and when they signal an opportunity I ve watched the rise of some of the leading companies of today Facebook Amazon Netflix Google and the fall of some of the leading companies of yesterday Yahoo eBay and AOL Mahaney writes F iguring out which companies really are going to be dominant franchises is an extremely hard thing to do But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation Nothing But Net provides powerful advice for the next two decades lessons you can start applying today and use for years to come      **Who Owns Whom** ,1999      [Get Funded!: The Startup Entrepreneur's Guide to Seriously Successful Fundraising](#) John Biggs, Eric Villines, 2020-09-08 From a TechCrunch founder and award winning strategist comes the most comprehensive guide to the newest fundraising options for today s entrepreneurs Fundraising for startups has changed dramatically in the past decade There was a time when VCs were rock
